

Kings Collegiate Charter School

2018-19 ACCOUNTABILITY PLAN PROGRESS REPORT

Submitted to the SUNY Charter Schools Institute on:

September 27, 2019

By: Shannon Coudurier, Director of Operations (Kings Elementary School)
Kevin Gibbs, Director of Operations (Kings Collegiate)
Mitchell Lincoln (Uncommon Leadership Charter High School)

1084 Lenox Road Brooklyn, NY 11212

718.342.6047

Mitchell Lincoln, Director of Operations (Uncommon Leadership Charter School), **Kevin Gibbs**, Director of Operations (Kings Collegiate), and **Shannon Coudurier**, Director of Operations (Kings Elementary) prepared this 2018-2019 Accountability Progress Report on behalf of the school's Board of Trustees:

Trustee Name	Position on the Board
Linton Mann III	Chair
Tony Pasquariello	Vice Chair
John Greenstein	Trustee
Michael Hall	Trustee
Shakima Jones	Trustee
John Kim	Trustee
Ekwutozia U. Nwabuzor	Secretary
Brett Peiser	Trustee
Joseph F. Wayland	Treasurer
Chrystal Stokes Williams	Trustee
Ann Mathews	Trustee

Sean Gavin has served as the principal of Uncommon Leadership Charter High School since 2017, Scott Schuster has served as the Kings Collegiate principal since 2010, and Tamesha McGuire has served as the principal of Kings Elementary School since 2019.

Narrative Description:

The mission of Kings Collegiate Charter School (KCCS is to prepare each student for college. Kings Collegiate Charter School opened on August 22, 2007. The school opened with 5th grade and has served grades 5 – 8 since 2010. Kings Elementary opened in 2016 and had grades K-1 during the 2017-2018 school year. This is the second year (2018-2019) Kings Collegiate Charter School will open its doors to its high school class with Uncommon Leadership Charter serving 9th and 10th grade. Eventually, Kings Collegiate will become a K-12 school with the elementary and high school adding an additional grade each year.

Kings Collegiate Charter School's school design includes seven core components.

Focus on Literacy. Many of our students begin their school career reading substantially below grade level. If a school does not address this dramatic and central issue immediately, students will be at a huge disadvantage in all subjects in high school and college. The ultimate academic success of **Kings Collegiate Charter School** students, therefore, is tied to mastering this fundamental skill. In 2018-19, **Kings Collegiate Charter School** provided explicit instruction in literacy skills and inculcated the reading habit through:

- Two hours of daily literacy instruction;
- Additional 60 minutes of Guided Reading in 5th and 6th grade to target specific reading levels in small groups;
- Additional 60 minutes of Guided Reading in 7th and 8th grade to the students who needed it most;
- Additional 30-minute Independent Reading block every day.
- Requiring students to read reading level-appropriate books;
- Requiring graded, written work in every class, including math; and
- STAR tested every student 3 times during the year to monitor progress and ensure that students were being challenged by independent reading books on their reading level

Target Curriculum Focused on Basic Skills. Kings Collegiate Charter School does not use an offthe-shelf curriculum. Rather Kings Collegiate Charter School uses curriculum developed by our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP). Our CAT and LLP develop curriculum directly from the New York State Learning Standards that ensures students master a core set of basic academic skills before they can master higher-level, abstract material. Our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP) pay particularly close attention to the topics, sequence, and performance standards outlined in the New York State standards. This ensures that students are mastering the same material as their peers throughout New York State. At the same time, both teams adapt the subject topics and performance standards according to their professional expertise and from data-driven feedback from our teachers. CAT and our LLP create a comprehensive curriculum for their subject, saved on our network's shared drive, with a year-long scope and sequence, individual unit plans, daily lesson plans, and assessment materials. KINGS COLLEGIATE CHARTER SCHOOL teachers will then save their lessons to our school's shared drive with any edits they have adapted for their classroom. Not only does this provide the school with a record of individual course instruction but this also serves as a valuable curricular planning resource for returning and future teachers.

Assess Early and Often to Drive the Instructional Program. The most effective schools use assessment to diagnose student needs, measure instructional impact, and build a culture of continuous reflection and improvement. In addition to the New York State Social Studies, Mathematics, English Language Arts, and Science exams, Kings Collegiate Charter School administered three internally aligned Interim Assessments (4 in Math) and one Final Exam in Math, English Language Arts, Science and History. In the 9-10 Grades, students take quarterly interim assessments in all core subjects, four SAT Diagnostics annually, and the PSAT. These tests assessed ongoing student mastery of Math, Reading/Writing, Science and History skills and standards throughout the year and provided immediate data on individual student and class growth. Kings Collegiate Charter School teachers, with the support of the Principal, used this data to identify standards mastered and standards in need of re-teaching so that lesson plans could be continuously adjusted. Kings Collegiate Charter School also utilized the information to target content- and skills-driven tutoring and small-group instruction.

Our CAT team this year also began the use of weekly data collection through small assessments in both ELA and math. The data from these assessments was used by CAT and our LLPs to address gaps in content or skill that they could see trend across our Brooklyn Schools.

Make More Time. In order to provide students with a comprehensive, college preparatory education, **Kings Collegiate Charter School** has an extended school day and school year. For most students, the regular school day began at 7:15 AM and ended at 4:00 PM.

With hour-long periods four days a week and 45minute periods on Fridays to allow for significant staff meeting and professional development time, all students at Kings Collegiate Charter School received the following weekly:

- Middle School
 - 7 periods of Mathematics
 - 10 periods of English Language Arts (Reading and Writing)
 - 5 periods of Independent Reading
 - 5 periods of Social Studies
 - 5 periods of Science
 - o 3 periods of Enrichment (5th-7th grade)
 - 3 periods of Music (8th grade only)
 - o 1 period Music (7th grade only)
- High School
 - 6 periods of Mathematics
 - o 7 periods of English Language Arts (Reading and Writing)
 - o 2 periods of Independent Reading
 - 5 periods of Social Studies
 - 5 periods of Science
 - o 5 periods of Enrichment 9-10 grade

KINGS COLLEGIATE CHARTER SCHOOL students extended their learning beyond the school day completing, on average, one-and-a-half to two hours of homework every night.

Emphasis on College. For too many at-risk students, college only exists in the abstract. For **Kings Collegiate Charter School** students, freshman year of college will be a natural extension of their educational experience at **Kings Collegiate Charter School**.

Kings Collegiate Charter School students began talking about college on the first day of school as their advisories are named after the alma maters of their teachers. Through informal conversations in advisory and in classes, students learned about the college application process, financial aid, dorm-life, selecting a major, and other important aspects of college survival.

Kings Collegiate Charter School's school culture is based on its five core THINK values of "Tenacity," "High Expectations," "Integrity," "No Excuses," and "Kindness." High School Core Values are PRIDE - "Professionalism" "Responsibility" "Integrity" "Determination" "Enthusiasm." Students are expected to consistently demonstrate these values wherever they find themselves and are rewarded with merits when they model these values well or go above and beyond. Students earning merits receive the opportunity to represent the school on merit trips and trade their merits at Merit Auctions for tangible rewards. Every other month, by participating in merit-earned trips either with a group of the top merit earners or one-on-one/two-on-one with staff members, merit winners develop the more abstract skills necessary for true college preparation (trying new activities, demonstrating leadership and professionalism, and participating in community service).

Provide Structure and Order. Students need a safe and orderly environment to be productive. In 2018-19, **Kings Collegiate Charter School** created a calm, composed, and disciplined environment to maximize the amount of time on-task. Strategies included:

- Strictly enforced school dress code;
- Merit system that defined clear expectations and immediate responses to positive behavior;
- Demerit and detention system that defined clear expectations and immediate responses to negative or inappropriate behavior
- Rubric system that provided immediate feedback to classes at the end of each class each day.

Insist on Family Involvement. Kings Collegiate Charter School's educational program is structured so that families must be involved in their child's academic pursuits. In 2018-19, Kings Collegiate Charter School families:

- picked up their child's report card in person at the school three times;
- met with teachers and staff on multiple occasions to formally and informally discuss their child's academic and behavioral performance;
- maintained an open line of communication with their child's teachers through in-person meetings, weekly dashboards, semi-monthly progress reports, advisory calls and e-mails;
- were notified at home or at work each day if their child earned a detention;
- were asked to offer input on the school on mid-year and year-end surveys, grading the school;
- were offered the opportunity to participate in a potluck and watch their children perform in their chosen Enrichment activity at three public performances during the course of the year

 were invited to multiple social events with scholars, teachers and families focused on strengthening the involvement of parents in the school community

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state's Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2015 state Accountability Cohort consists of students who entered the 9th grade anywhere sometime during the 2015-16 school year, were enrolled in the school on the state's annual enrollment-determination day (i.e., BEDS day) in the 2018-19 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department's SIRS Manual for more details about cohort eligibility and acceptable exit reasons: http://www.p12.nysed.gov/irs/sirs/ht)

The following table indicates the number of students in the Accountability Cohorts who are in their fourth year of high school and were enrolled at the school on BEDS Day in October and remained in the school until June 30th of that year.

Fourth-Year High School Accountability Cohorts

Fourth Year Cohort	Year Entered 9 th Grade Anywhere	Cohort Designati on	Number of Students Enrolled on BEDS Day in October of the Cohort's Fourth Year	Number Leaving During the School Year	Number in Accountabilit y Cohort as of June 30th

2017-18	2014-15	2014	N/A	N/A	N/A
2018-19	2015-16	2015	N/A	N/A	N/A

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the year they first enter the 9th grade. Students enrolled for <u>at least one day in the school</u> after entering the 9th grade are part of the school's Graduation Cohort. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the SIRS manual, including the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

GOAL 1: HIGH SCHOOL GRADUATION

GOAL 1: HIGH SCHOOL GRADUATION

Uncommon New York City high school students will be on track to graduate from high school.

Goal 1: Leading Indicator

Each year, 75 percent of students in first- and second-year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

METHOD

This measure serves as a leading indicator of the performance of the high school cohort and examines students' progress toward graduation based on annual credit accumulation. The measure requires that, based on the school's promotion requirements, 75 percent of the first- and second-year high school Total Graduation Cohorts will earn the required number of credits.

Students who receive a final failing grade (below a 70) for a class do not receive credit for the class. The final grade is based on individual quarter grades and a comprehensive subject-area test.

In subjects that earn 2.0 credits per year (English, Math, Science and History), a student who fails will be required to take an additional class to recover the lost credits. There are two ways this occurs, depending on how many classes a student is failing that academic year. If students fail one class, the student can recover credit by taking an intensive summer school class in this subject at his/her expense and/or at the school if offered. To recover credit, the class must be approved by the school. If a student fails two or more classes, that student is required to repeat the grade.

In subjects that require less than four years of credits (Foreign Language, Physical Education, Health and Electives), a student must make up the class in a subsequent school year after the school day, during the summer or another time the school deems appropriate (at his/her expense).

Seniors who fail a class but need the credit to graduate must take an intensive summer school class and cannot partake in commencement activities.

Given that KINGS COLLEGIATE CHARTER SCHOOL has provided tiers of student support throughout the school year – among which are Weekly Progress Reports, Office Hours, and Weekly Check-in Meetings with their Advisor – summer coursework for all subjects is the responsibility of the family, both financially and logistically. Subject-area teachers will supply the directions and expectations for summer research projects.

Students who need summer remediation and do not fulfill all requirements will automatically be retained.

Graduation Credit Requirements:

English: 4 years (8 credits)
Math: 3-4 years (6-8 credits)
Science: 4 years (8 credits)
History: 4 years (8 credits)

Language: 3 years (6 credits)Electives: 3 years (6 credits)

• Physical Education: 2 years (4 credits)

RESULTS AND EVALUATION

KINGS COLLEGIATE CHARTER SCHOOL met this measure, promoting above 75% of students within each cohort. We promoted 91% of students within our 2017 cohort and 84% of our 2018 cohort.

Percent of Students in First- and Second-Year Cohorts Earning the Required Number of Credits in 2018-19

	Number in	Percent
Cohort	Cohort	promoted
Designation	during 2018-	
	19	
2017	96	91%
2018	116	84%

ADDITIONAL EVIDENCE

Our school continues to meet and exceed this measure year over year. For the past three years we had over 75% promotion in our first- and second-year cohorts.

Goal 1: Leading Indicator

Each year, 75 percent of students in the second-year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

METHOD

This measure serves as a leading indicator of the performance of high school cohorts and examines their progress towards graduation based on Regents exam passage. The measure requires that 75 percent of students in each Graduation Cohort have passed at least three Regents exams by their second year in the cohort. In August of 2019, the 2017 cohort will have completed its second year.

RESULTS AND EVALUATION

As evidenced by looking at the 2017 cohort in its second year, we are meeting the measure of 75% of students passing at least three different New York State Regents Exams required for graduation. At the end of their second year, 75% of the 2017 cohort had passed 3 or more Regents. Looking at future data, we expect to continue to meet and exceed this goal. Most of our students take and pass two Regents exams in the 8th grade (Living Environment and Algebra I). Those who do not pass those exams, will be required to retake the exam a second time in their 9th grade year. When students are enrolled in 9th grade, all students take the ELA Regents Exam, and about 50% take the Geometry Regents Exam. By prioritizing Regents exams in the 8th and 9th grades, we are able to

ensure that at least 75% of students meet and exceed our goal of 3 passing Regents exams by the end of the 10th grade.

	Percent of Stude	ents in their Secon	d Year Passing Three I	Regents Exams b	v Cohort
--	------------------	---------------------	------------------------	-----------------	----------

			Percent
Cohort	School Year	Number in	Passing
Designation		Cohort	Three
			Regents
2015	2016-17	N/A	N/A
2016	2017-18	N/A	N/A
2017	2018-19	96	75%

Goal 1: Absolute Measures

Each year, 75 percent of students in the fourth-year high school Total Graduation Cohort and 95 percent of students in the fifth-year high school Total Graduation Cohort will graduate.

METHOD

This measure examines students in two high school Graduation Cohorts: those who entered the 9th grade as members of the 2015 cohort and graduated four years later and those who entered as members of the 2014 cohort and graduated five years later. These data reflect August graduation rates. At a minimum, these students have passed five Regents exams required for high school graduation in ELA, mathematics, science, U.S. History, and Global History or met the requirements for the 4+1 pathway to graduation.¹

The school's graduation requirements appear in this document below the graduation goal's first measure pertaining to annual grade-by-grade promotion or credit accumulation.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent of Students in the Total Graduation Cohort who have Graduated After Four Years

Cohort Designatio n	School Year	Number in Cohort	Percent Graduating
2013	2016-17	N/A	N/A
2014	2017-18	N/A	N/A
2015	2018-19	N/A	N/A

¹ The state's guidance for the 4+1 graduation pathway can be found here: http://www.p12.nysed.gov/ciai/multiple-pathways/.

Percent of Students in Total Graduation Cohort Who Have Graduated After Five Years

Cohort Designatio n	School Year	Number in Cohort	Percent Graduating
2012	2016-17	N/A	N/A
2013	2017-18	N/A	N/A
2014	2018-19	N/A	N/A

Goal 1: Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

METHOD

The school compares the graduation rate of students completing their fourth year in the charter school's Total Graduation Cohort to that of the respective cohort of students in the school district of comparison.² Given that students may take Regents exams through the summer of their fourth year, district results for the current year are generally not available at this time. As such, for purposes of this report schools should include the district's 2017-18 results as a temporary placeholder for the district's 2018-19 results.

RESULTS AND EVALUATION

Kings Collegiate does not yet have a graduating cohort. Last year, we served students in 9th and 10th grades.

Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to the District

Cohort		Charter	School	School District		
Designatio	School Year	Number in	Percent	Number in	Percent	
n		Cohort	Graduating	Cohort	Graduating	
2013	2016-17	N/A	N/A	N/A	N/A	
2014	2017-18	N/A	N/A	N/A	N/A	
2015	2018-19	N/A	N/A	N/A	N/A	

² Schools can retrieve district level graduation rates from the SED's Information and Reporting Services office. News releases and an Excel workbook containing these data are available from the <u>IRS Data Release webpage</u>.

ADDITIONAL EVIDENCE

Kings Collegiate does not yet have a graduating cohort. Last year, we served students in 9th and 10th grades.

Goal 1: Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

METHOD

The New York State Board of Regents approved regulations establishing alternative pathways to graduation for all students. Students may replace one of the required Social Studies Regents exams with an approved alternative assessment. For more information about requirements and approved assessments refer to the NYSED resource online: http://www.p12.nysed.gov/ciai/multiple-pathways/. The school will document the names of the alternative assessments administered and success rate for students in the templates bellow.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

Percentage of the 2015 Graduation Cohort Pathway Students Demonstrating Success by Exam Type

SUMMARY OF THE HIGH SCHOOL GRADUATION GOAL

Without yet having our first graduating cohort, KINGS COLLEGIATE CHARTER SCHOOL achieved its High School Graduation goals.

Type	Measure	Outcome
Leading Indicator	Each year, 75 percent of students in first- and second-year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.	Achieved
Leading Indicator	Each year, 75 percent of students in the high school Total Graduation Cohort will score at least 65 on at least three different New York State Regents exams required for graduation by the completion of their second year in the cohort.	Achieved
Absolute	Each year, 75 percent of students in the fourth-year high school Total Graduation Cohort will graduate.	N/A
Absolute	Each year, 95 percent of students in the fifth-year high school Total Graduation Cohort will graduate.	N/A
Comparativ e	Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.	N/A
Absolute	Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year.	N/A

ACTION PLAN

- KINGS COLLEGIATE CHARTER SCHOOL will continue to use an academic model that is largely similar to that of grades K-8, utilizing practices and approaches that have proven effective in producing significant academic gains at the highest-performing urban public schools in the country. Specifically, the high school will focus around:
 - A College Preparatory Mission
 - High Standards for Academics and Character
 - A Highly Structured Learning Environment
 - A Longer School Day and A Longer School Year
 - A Focus on Accountability and Data-Driven Instruction
 - A Faculty of Committed and Talented Leaders and Teachers

The school has developed a rigorous high school curriculum based on the New York State Learning Standards with a special emphasis on preparing students for admission into and success in college. The school is structured so that students will meet the criteria for a Regents or Advanced Regents degree and will be accepted to at least one 4-year college.

- KINGS COLLEGIATE CHARTER SCHOOL will continue to administer Interim
 Assessments/Quarterly Exams on a quarterly basis in all five major subjects. KINGS
 COLLEGIATE CHARTER SCHOOL will continue to modify Interim Assessments/Quarterly Exams,
 ensuring that they measure student progress with respect to the NY Learning Standards.
- Quarterly Exams will continue to serve as a critical driver of classroom instruction and lesson
 planning for grades 9-12. The results will provide teachers with ongoing feedback on
 students' progress in meeting state standards, so they know, at any moment, which students
 have mastered which skills and which students have not. Armed with this information,
 teachers will be better prepared to target instruction and make significant content
 adjustments throughout the year, without waiting for an end-of-year assessment that shows a
 student in need.
- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom instruction and provide feedback on instruction. The school's leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers.
- The school's leadership team will continue to review the effectiveness of the school's curriculum and making necessary revisions to increase student achievement.
- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- KINGS COLLEGIATE CHARTER SCHOOL will continue to offer Regents/AP/SAT preparation classes on Saturdays beginning in the 9th grade.

GOAL 2: COLLEGE PREPARATION

GOAL 2: COLLEGE PREPARATION

Students will be prepared to succeed in college.

Goal 2: Absolute Measure

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement ("AP") exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate ("IB") exam;
- Passing a College Level Examination Program ("CLEP") exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT; or,
- Earning a Regents diploma with advanced designation.

METHOD

Schools use any method listed here, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option. The school reports on the number of students who attempted to achieve each indicator, the number who succeeded, and the corresponding percentage. Additionally, the school should report on the overall number of students who graduated after four years, the number of those graduates who achieved any of the relevant measures, and the overall percentage achieving the measure.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

Percentage of the 2015 Total Cohort Graduates Demonstrating College Preparation by Indicator

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator
Passing an Advanced Placement exam with a score of 3 or higher	N/A	N/A	N/A
Passing a college level course offered at a college or university or through a school partnership with a college or university	N/A	N/A	N/A
Achieving the college and career readiness benchmark on the SAT	N/A	N/A	N/A
Earning a Regents diploma with advanced designation	N/A	N/A	N/A
Overall	N/A	N/A	N/A

ADDITIONAL EVIDENCE

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

Goal 2: Absolute Measure

Each year, the College, Career, and Civic Readiness Index ("CCCRI") for the school's Total Cohort will exceed the Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

The state's finalized ESSA plan includes a College, Career, and Civic Readiness Index that measures the rate of completion among the Total Cohort of a variety of indicators of readiness for the next step after high school. Indicators that are more rigorous and that are therefore more difficult to attain receive greater weight in the new CCCRI (e.g., attaining an Advanced Regents diploma and a

score of 4 or higher on an IB exam). Conversely, some less rigorous indicators that were not included in the College and Career Readiness Index under the state's NCLB accountability system are included in the CCCRI (e.g., completion of a high school equivalency program).³

To achieve this measure, the school must have a CCCRI value that equals or exceeds the 2018-19 CCCRI MIP of 130 for all students. The CCCRI is calculated by multiplying the number of students in the cohort demonstrating college, career, and civic readiness by the weighting for the method by which the student demonstrated college, career, and civic readiness, divided by the number of students in the Total Cohort. The highest possible CCCRI is 200.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

CCCRI Performance by Conort Year						
Graduation Year	Cohort	Number of Students in Cohort	MIP	School CCCRI		
2016-17	2013	N/A	N/A	N/A		
2017-18	2014	N/A	128	N/A		
2018-19	2015	N/A	130	N/A		

ADDITIONAL EVIDENCE

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

Goal 2: Comparative Measure

Each year, the school's CCCRI for the Total Cohort will exceed that of the district of comparison's Total Cohort.

METHOD

The school compares the CCCRI of students from the fourth year in the charter school Total Cohort to that of the respective cohort of students in the school district of comparison.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

³ For more detail about the weighting of college readiness methods for calculation of the CCCRI, see pages 64-65 of the state's finalized ESSA plan <u>here</u>.

CCRI of Fourth-Year Total Cohort by Charter School and School District

Coho	Charter School	School District	
rt			
2013	N/A	N/A	
2014	N/A	N/A	
2015	N/A	N/A	

Goal 2: Absolute Measure

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

METHOD

The ultimate measure of whether a college prep high school has lived up to its mission is whether students actually enroll and succeed in college. Schools track and report the percentage of fourth-year Total Cohort graduates who matriculate into a two or four-year college program in the school year following graduation.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th grade class. In 2018-2019 the school did not have a graduating cohort. There is no data to report.

Matriculation Rate of Graduates by Year

		Number of	Number	Matriculation

2014	2017-18	N/A	N/A	N/A
2015	2018-19	N/A	N/A	N/A

SUMMARY OF THE COLLEGE PREPARATION GOAL

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

ACTION PLAN

- KINGS COLLEGIATE CHARTER SCHOOL will continue to use an academic model that is largely similar to that of grades K-8, utilizing practices and approaches that have proven effective in producing significant academic gains at the highest-performing urban public schools in the country. Specifically, the high school will focus around:
 - A College Preparatory Mission
 - High Standards for Academics and Character
 - A Highly Structured Learning Environment
 - A Longer School Day and A Longer School Year
 - A Focus on Accountability and Data-Driven Instruction
 - A Faculty of Committed and Talented Leaders and Teachers

The school has developed a rigorous high school curriculum based on the New York State Learning Standards with a special emphasis on preparing students for admission into and success in college. The school is structured so that students will meet the criteria for a Regents or Advanced Regents degree and will be accepted to at least one 4-year college.

- KINGS COLLEGIATE CHARTER SCHOOL will continue to administer Interim
 Assessments/Quarterly Exams on a quarterly basis in all five major subjects. KINGS
 COLLEGIATE CHARTER SCHOOL will continue to modify Interim Assessments/Quarterly
 Exams, ensuring that they measure student progress with respect to the NY Learning
 Standards.
- Quarterly Exams will continue to serve as a critical driver of classroom instruction and lesson planning for grades 9-12. The results will provide teachers with ongoing feedback on students' progress in meeting state standards, so they know, at any moment, which students have mastered which skills and which students have not. Armed with this information, teachers will be better prepared to target instruction and make significant content adjustments throughout the year, without waiting for an end-of-year assessment that shows a student in need.
- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom instruction and provide feedback on instruction. The school's leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers.
- The school's leadership team will continue to review the effectiveness of the school's curriculum and making necessary revisions to increase student achievement.

- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- KINGS COLLEGIATE CHARTER SCHOOL will continue to offer Regents/AP/SAT preparation classes on Saturdays beginning in the 9th grade.

GOAL 3: ENGLISH LANGUAGE ARTS

Goal 3: English Language Arts

ALL UNCOMMON NEW YORK CITY STUDENTS WILL BE PROFICIENT READERS AND WRITERS OF THE ENGLISH LANGUAGE.

Reading instruction at Kings Collegiate is based around shared, whole-class novels. The curriculum develops reading comprehension skills and strategies and vocabulary. Whole-class novels are selected for each grade that are appropriately leveled for the majority of students in that grade. The whole-class novels should be accessible for students with the appropriate scaffolding. Additionally, during the 2018-2019 school year, Kings Collegiate added a "Small Group Instruction" period three times a week where all students were placed in small groups to work on either reading or math skills. The teacher/student ratio for these groups was 1:10.

In Writing classes at Kings Collegiate, students learn the essential skills of grammar and writing. Writing class explicitly supports the work that students are doing in Reading class, as students learn to write strong responses to literature in short answer and essay formats and use weekly vocabulary words from Reading class in their daily writing assignments.

Kings Collegiate Charter School uses data from the following assessments to ensure student proficiency in English Language Arts:

- · Criterion-referenced New York State exams in English Language Arts;
- · Leveled Reading Assessments
- · Internally developed Interim Assessments in English Language Arts;
- · Internally developed Final Examination in English Language Arts.

Kings Collegiate Charter School administered three internally developed and aligned Interim Assessments and a Final Exam in English Language Arts (Reading and Writing) during the 2018-2019 school year. These assessments were created to reflect the school's scope and sequence in Reading and Writing, and to mirror the style and scope of the New York State English Language Arts exams. Similar to the state exam, the ELA Interim Assessments were administered in two parts: 3-4 reading passages accompanied by multiple choice questions and a listening comprehension section with multiple choice and open response questions or an extended response/essay section. The

assessments also included at least two editing passages that assessed student mastery of grammar, capitalization, and punctuation skills.

After the tests were administered, Kings Collegiate Charter School teachers graded each exam and Kings Collegiate Charter School administrative staff entered individual performance data into a shared template for detailed test analysis. With the individual student, whole class, and whole grade data, Kings Collegiate Charter School teachers analyzed the data and developed strategic plans to re-teach specific standards to individuals, small groups, and classes. Kings Collegiate Charter School also utilized the information to target content- and skills-driven tutoring

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

METHOD

The school administered the New York State Testing Program English language arts ("ELA") assessment to students in 5th through 8th grade in April 2019. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

2018-19 State English Language Arts Exam

	Total	Not Tested ⁴			Total	
Grade	Tested	IEP	ELL	Absen t	Refuse d	Enrolle d
3						
4						
5	89	0	0	0	0	89
6	86	0	0	0	0	87
7	73	0	0	0	0	74
8	86	0	0	0	0	86
All	334	0	0	0	0	336

⁴ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

RESULTS AND EVALUATION

This is the eight year that Kings Collegiate Charter School has administered the NYS ELA assessment. Based on data from the 2018-2019 ELA Exam, we did not meet the measure of 75 percent of all tested students enrolled in at least their second year performing at or above proficiency on the New York State English language arts examination for grades 3-8. For 2018-2019, 45% of our students enrolled in at least their second year performed at or above proficiency.

We believe that the steps we continue to take will help to increase student performance on the exam in the coming year.

- We are continuing to prioritize our teacher professional development with a renewed focus
 on differentiation to meet individualized teacher needs. This includes strengthening our
 curriculum and lesson plan alignment with NY Standards, providing real-time (in the
 moment) feedback, developing individual performance goals and implementing measures
 for accountability. These outlined areas of focus will enable our teachers to further drive
 student achievement and provide our students with the knowledge and skills to
 demonstrate proficiency on the NY examinations.
- Our school is focusing on driving the rigor in each classroom, and particularly in our reading and writing classes. Driving rigor in classrooms includes maintaining fidelity to our meticulously developed lesson plans, prioritizing time for student independent practice, and ensuring that teachers are collecting and responding to data throughout their instruction.
 By providing students with increased opportunities to practice and demonstrate new knowledge and skills, our school will prepare them for higher achievement more broadly, and specifically on the state examinations.
- Our school hosts weekly subject data meetings to dive deeply into student performance on lesson standards. This focus enables teachers to adjust lessons as needed in response to student data.

Performance on 2018-19 State English Language Arts Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	All Students		Enrolled in at least their Second Year	
S	Percent	Number	Percent	Number
	Proficient		Proficient	Tested
3				
4				
5	35%	89	36%	22
6	50%	86	51%	73
7	45%	85	48%	82
8	52%	84	46%	41
All	45%	344	47%	218

ADDITIONAL EVIDENCE

While we have not met this measure, we have seen growth in individual grades. Grade levels 5 and 7 saw growth since last year and we experienced a slight dip in 6th and 8th grade. The school's goal

remains to see that at least 75% of students reach proficiency on the NYS ELA exam, and we are looking forward to implementing a higher level of rigor and complemental instructional supports in our English Language Arts classes and overall school day to better prepare our students to meet and exceed this bar.

8	59%	79	54%	76	46%	41
All	48%	239	53%	231	47%	218

Goal 3: Absolute Measure

Each year, the school's aggregate Performance Index ("PI") on the State English language arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English language arts test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2018-19 English language arts MIP for all students of 105. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

RESULTS AND EVALUATION

In 2018-2019, Kings Collegiate Charter School tested students had a PI value of <u>134.4</u>. MIP for 2018 and 2019 for NY State has not yet been released at the time of this report. Based on the Accountability Identification Report data shared by NY State for 2017-18, our school met Higher MIP and State Long Term Goal for ELA.

English Language Arts 2018-19 Performance Index

Number in	Percent of Students at Each Performance Level				
Cohort	Level 1 Level 2 Level 3 Level 4				
	21	33	27	19	

Calculation: (114) + (93x2) + (66x2.5)/(73+114+93+66)x100 = 134.4

Goal 3: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public-school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁵

RESULTS AND EVALUATION

In 2018-2019, Kings Collegiate Charter School tested students in at least their second year outperformed all tested students in the same grades in Community District 18 on the English Language Arts exam. The school had 46% of students perform at proficiency compared to the district's 37%. This data further supports that the longer students are enrolled at Kings Collegiate Charter School, the more prepared they are for college. This demonstrates that when students are enrolled at Kings Collegiate Charter School, the more prepared they are for rigorous curriculum and to succeed in college.

⁵ Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its News Release webpage.

2018-19 State English Language Arts Exam Charter School and District Performance by Grade Level

	Percent of Students at or Above Proficiency

8	45%	85	45%	1,085		
All	46%	346	37%	4,232		

ADDITIONAL EVIDENCE

Over the past three years, Kings Collegiate Charter School has outperformed the community district overall and across almost every grade on the English Language Arts exam. In 2016-2017, 48% of Kings Collegiate students in at least their second year scored proficient compared with 21% in Community District 18. By the same metric in 2017-2018, there were 53% of Kings Collegiate Charter School students and 36% of community district students scoring proficient. Finally, in 2018-2019, there were 46% of Kings Collegiate Charter School students and 37% of community district students scoring proficient.

English Language Arts Performance of Charter School and Local District by Grade Level and School Year

8	59%	15%	54%	46%	45%	45%			
All	48%	21%	53%	36%	46%	37%			

Goal 3: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The SUNY Charter Schools Institute ("Institute") conducts a comparative performance analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar concentration of economically disadvantaged students. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2018-19 analysis is not yet available. This report contains <u>2017-18</u> results, the most recent Comparative Performance Analysis available.

RESULTS AND EVALUATION

The table below shows that the school's overall comparative performance is higher than expected overall. Once again, Kings Collegiate Charter School met this measure with a significant positive effect size in all grades. In 2017-2018, the aggregate effect size for Kings Collegiate Charter School was 0.71. We are continually pushing our student growth and are excited to see the magnitude of the work we are seeing each year.

2017-18	5-8	70.5	347	50.7	12.7	.71

Goal 3: Growth Measure⁶

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

METHOD

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and also have a state exam score from 2016-17 including students who were retained in the same grade. Students with the same 2016-17 score are ranked by their 2017-18 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the target for this measure, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Growth Model data available.⁷

RESULTS AND EVALUATION

The school's overall Mean Growth Percentile was 54.6, which is greater than 50. This measure was met when averaged across all grades within the school. Specifically grades 5, 6,7, and 8 individually met the benchmark.

⁶ See Guidelines for <u>Creating a SUNY Accountability Plan</u> for an explanation.

⁷ Schools can acquire these data from the NYSED's Business Portal: portal.nysed.gov.

<u>2017-18</u> English Language Arts Mean Growth Percentile by Grade Level

Grad	Mean Growth Percentile			
е	School	Target		
4		50.0		
5	56.1	50.0		
6	62.1	50.0		
7	50.6	50.0		
8	50.0	50.0		
All	<u>54.6</u>	50.0		

ADDITIONAL EVIDENCE

In 2016-2017, we did meet this measure, and we continued to spend time examining and analyzing teacher practice and support during the 2017-2018 school year to ensure that we would meet this benchmark again. This included better guided reading instruction and building a more cohesive English Language Arts curriculum. We are very excited to see that those efforts paid off and will continue working towards meeting this goal across all grades.

English Language Arts Mean Growth Percentile by Grade Level and School Year

Crad	Mean Growth Percentile

4				50.0		
5	56.7	42.7	56.1	50.0		
6	57.7	59.6	62.1	50.0		
7	60.3	55.3	50.6	50.0		
8	57.5	43.0	50.0	50.0		
All	56.3	53.0	54.6	50.0		

SUMMARY OF THE ENGLISH LANGUAGE ARTS GOAL

In its 12th year of state testing, Kings Collegiate Charter School did not achieve the goal of having 75% of all tested students who are enrolled in at least their second-year score proficient. However, Kings Collegiate Charter School achieved the comparative and growth goals. Additionally, Kings Collegiate Charter School, as a whole, outperformed its district peers by 9 percentage points. The school had an effect size of .71, exceeding the goal of exceeding the predicted level of performance. Finally, Kings Collegiate Charter School exceeded the aggregate statewide growth percentile.

Туре	Measure	Outcome		
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.

ACTION PLAN

Literacy is the foundation on which all other learning rests, and accordingly, English Language Arts (ELA) instruction lies at the core of Kings Collegiate Charter School's curriculum. Kings Collegiate Charter School has met most of its ELA accountability goals over this past year, has demonstrated progress towards all remaining goals, and is continuously improving upon its literacy instruction. Kings Collegiate Charter School realizes that, similar to most urban public schools, this is still an area for growth.

Based on historical accountability progress performance, Kings Collegiate Charter School urgently made adjustments to improve outcomes for students since last year. This year we intend to strengthen skills as well as systems for responding to data. Our Dean of Curriculum and Instruction will hold weekly practice groups with their newest teachers to give feedback and improve instruction provided to students, Instructional Leaders will review teacher lesson plans weekly and provided feedback before implementation, and leaders will increase the amount of real time feedback given to teachers during the school day. Additionally, our instructional leadership along with the Uncommon Curriculum and Development team will lead professional development sessions in addition to Weekly Data Meetings and Creating Response to Data Lessons. As a result, we intend to see an increase in student performance on the NYS ELA exam for this coming year and make more progress toward our absolute, growth and comparative ELA accountability goals and measures for school year 2019-2020.

HIGH SCHOOL ENGLISH LANGUAGE ARTS

Goal 3: Absolute Measure

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents English exam that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

2018					108	35%

Goal 3: Absolute Measure

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents English exam that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

2016	N/A	N/A	N/A	N/A	N/A	N/A	
2017			107	54%	96	72%	
2018					108	68%	

Goal 3: Absolute Measure

Each year, the Performance Index ("PI") on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state's Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In the state's revised calculation of the high school Performance Index, schools now receive additional credit for students scoring at Accountability Level 4.¹⁰ To achieve this measure, all tested students in the Accountability Cohort must have a PI that equals or exceeds the state's 2019-19 English language arts MIP for all students of 191.

The Performance Index is calculated as such: (percent of students scoring at Accountability Level 2) + 2*(percent of students scoring at Accountability Level 3) + 2.5 * (percent of students scoring at Accountability Level 4). Thus, the highest possible PI is 250. The basis for the percent of students is the school's fourth year Accountability Cohort. The Regents Examination in English Language Arts (Common Core) is scored on a scale from 0 to 100; 0 to 64 is Accountability Level 1, 65 to 78 is Accountability Level 2; 79 to 84 is Accountability Level 3, and 85 to 100 is Accountability Level 4.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

English Language Arts Performance Index (PI) For the 2015 High School Accountability Cohort

Number in	Percent of Students at Each Accountability Level				
Cohort	Level 1 Level 2 Level 3 Level 4				
N/A	N/A	N/A	N/A	N/A	

 $^{^{10}}$ For more details on the score ranges used to determine Accountability Levels as distinguished from Performance Levels, see

www.p12.nysed.gov/irs/sirs/documents/2017RegentsScoreRangesforAnnualandAccountabilityReporting.pdf

Goal 3: Comparative Measure

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

METHOD

The school compares the performance of students in their fourth year in the charter school Total Cohort to that of the respective Total Cohort of students in the school district of comparison. Due to availability of comparative data, this measure uses the school's Total Cohort results and not the Accountability Cohort results. In order to meet or exceed Common Core expectations, a student must achieve Performance Level 4 or 5. Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available school district results.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Achieving Performance Level 4 or Higher on English Regents of Fourth-Year Total Cohorts by Charter School and School District

		Charter School		Schoo	ol District
Coho	Fourth	Percent	Number in	Percent	Number in
rt	Year	Level 4 or	Cohort	Level 4 or	Cohort
		5		5	
2013	2016-17	N/A	N/A	N/A	N/A
2014	2017-18	N/A	N/A	N/A	N/A
2015	2018-19	N/A	N/A	N/A	N/A

ADDITIONAL EVIDENCE

Goal 3: Comparative Measure

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

METHOD

The school compares the performance of students in their fourth year in the charter school Total Cohort to that of the respective Total Cohort of students in the school district of comparison. Due to availability of comparative data, this measure uses the school's Total Cohort results and not the Accountability Cohort results. In order to at least partially meet Common Core expectations, a student would need to pass the exam and score at Performance Level 3 or higher (i.e. scoring at least 65). Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available school district results.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Achieving Performance Level 3 or Higher on English Regents of Fourth-Year Total Cohorts by Charter School and School District

2014	2017-18	N/A	N/A	N/A	N/A
2015	2018-19	N/A	N/A	N/A	N/A

ADDITIONAL EVIDENCE

Goal 3: Growth Measure

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Achieving at Least Performance Level 4 on Common Core exam among Students

	(Common Core)) by the completion of their fourth year in the	
	cohort.	

ACTION PLAN

- Students will continue to receive 60-120 minutes of English instruction each day.
- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom instruction and provide feedback on instruction.
- The school's leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers.
- The school's leadership team will continue to review the effectiveness of the school's curriculum and make necessary revisions to increase student achievement.
- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- Kings Collegiate Charter School will continue to offer Regents/AP/SAT preparation beginning in the 9th grade and continuing through all four grades
- Kings Collegiate Charter School will continue to provide professional development before
 the school year, during the school year, and following the school year, during which
 teachers can review and discuss results.

GOAL 4: MATHEMATICS

Goal 4: Mathematics

STUDENTS WILL DEMONSTRATE COMPETENCY IN THE UNDERSTANDING AND APPLICATION OF MATHEMATICAL COMPUTATION AND PROBLEM SOLVING.

BACKGROUND

We believe our students should be able to compute numbers quickly and accurately, apply appropriate math procedures in single- and multi-step problems, and speak and write fluently and clearly about math problem solving and procedures, using accurate mathematical vocabulary. For

this reason, our students take one to two hours of math per day, during which students review concepts for procedural fluency, explore conceptual understanding of old and new content through guided instruction and partner work, and engage in rigorous problem solving requiring the application of skills and the extension of learned content. Basically, we double the time dedicated to math instruction each day to ensure that students can compute, and problem solve.

Kings Collegiate Charter School uses data from the following assessments to ensure student proficiency in Mathematics:

- Criterion-referenced New York State exams in Mathematics
- Internally developed Interim Assessments in Mathematics
- Internally developed Final Examination in Mathematics

Kings Collegiate Charter School administered 4 internally developed and aligned Interim Assessments, including a Final Exam in Math during the 2018-19 school year. These assessments were created to reflect the school's scope and sequence in Math, and to mirror the style and scope of the New York State Math exams. The assessments focused primarily on the most recently covered standards, with a smaller focus on cumulative skills and standards covered in previous units.

After the tests were administered, teachers graded each exam and entered individual performance data into a shared template for detailed test analysis. With the individual student, whole class, and whole grade data, teachers analyzed the data and developed strategic plans to re-teach specific standards to individuals, small groups, and classes. Kings Collegiate Charter School also utilized the information to target content- and skills-driven tutoring throughout the day in school from January to May.

Goal 4: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

METHOD

The school administered the New York State Testing Program mathematics assessment to students in 5 through 7 grade in April 2019. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

2018-19 State Mathematics Exam
Number of Students Tested and Not Tested

Total			Total			
Grade	Tested	IEP	ELL	Absen	Refuse	Enrolle
	resteu	IEP		t	d	d
3						
4						
5	88	0	0	0	0	89
6	86	0	0	0	0	87
7	87	0	0	0	0	88
8	n/a	n/a	n/a	n/a	n/a	n/a
All	261	0	0	0	0	264

RESULTS AND EVALUATION

On the 2018-19 NYS Math exam, 53% of students in their second year at Kings Collegiate Charter School scored advanced or proficient.

While we keep making progress, In the 12th year of the administration of the New York State mathematics examination, the school did not meet its measure of at least 75% of students reaching proficiency on the Common Core exam. In evaluating our scholars' results, we are strengthening our math curriculum and teacher development to help bring all our scholars, not just those in at least their second year, closer to meeting the 75% goal of proficiency. We are looking forward to implementing a higher level of rigor in our Math classes going forward to better prepare our students to meet this bar.

Performance on 2018-19 State Mathematics Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	All Stu	dents	Enrolled in at least their Second Year		
S	Percent Proficient	Number Tested	Percent Proficient	Number Tested	
3					
4					
5	50%	88	45%	22	
6	65%	86	64%	71	
7	52%	87	52%	82	
8	n/a	n/a	n/a	n/a	
All	54%	261	53%	175	

¹⁴ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

ADDITIONAL EVIDENCE

The school's goal remains to see that at least 75% of students reach proficiency on the NYS Math exam, and we are looking forward to implementing a higher level of rigor and complemental instructional supports in our Math classes and overall school day to better prepare our students to meet and exceed this bar.

Performance on a Regents Mathematics Exam Of 8th Grade All Students by Year

Grade	Year	Regents Exam	Percent Passing with a 65	Number Tested
8	2016-17	Algebra 1	95%	82
8	2017-18	Algebra 1	78%	88
8	2018-19	Algebra 1	71%	86

The chart above represents the percentage of Kings Collegiate Charter School's 8th grade cohort who passed the Algebra 1 regents with a score of 65. From our 2018-2019 8th grade cohort, 71% scored 65 or higher on the Algebra 1 Regents exam. Based on this data, we are confident that they are developing a strong foundation preparing them for College.

Mathematics Performance by Grade Level and School Year

	35%	/4	35%	/1	53%	98
/\l	33/0	7 -	33/0	/ _	33/0	50

Goal 4: Absolute Measure

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the mathematics test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2018-19 mathematics MIP for all students of 107. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

RESULTS AND EVALUATION

Kings Collegiate Charter School achieved a Performance Level Index of 146.9. The **2019 MIP for NY State has not yet been released at the time of this report**. Therefore, Kings Collegiate Charter School cannot report if this measure was achieved.

Mathematics 2017-18 Performance Level Index (PI)

Number in	Percent of Students at Each Performance Level					
Cohort	Level 1	Level 2	Level 3	Level 4		
	20	25	30	25		

(65) + (78x2) + (65x2.5)/(52+65+78+65)x100=146.9

Goal 4: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares the performance of tested students enrolled in at least their second year to that of all tested students in the public-school district of comparison. Comparisons are between the

results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.¹⁵

RESULTS AND EVALUATION

The percentage of Kings Collegiate Charter School of students scoring proficient on the NYS mathematics exam exceeded the percentage of students in Community School District 18 scoring proficient or advanced on the exam in the same grades by 24 percentage points.

Kings Collegiate Charter School met its comparative measure with its overall percentage of students scoring proficient exceeding the percentage of students in CSD 18 scoring proficient or advanced on the 2019 NYS Math Exam. Across all grades, 53% of students in their second year at Kings Collegiate Charter School scored proficient or advanced. Kings Collegiate Charter School is still not satisfied with this performance and hopes to get all students to proficiency as quickly as possible, the school is glad to offer students a viable alternative to reaching math proficiency.

State Mathematics Exam
Charter School and District Performance by Grade Level

8	n/a	n/a n/a		n/a	
All	<u>53%</u>	98	29%	3,173	

Additional Evidence

Over the past three years, the school has outperformed the community district overall and across almost every grade on the NYS Math exam. In 2016-2017, 46% of Kings Collegiate Charter School students in at least their second year scored proficient compared with 23% in Community District 18. By the same metric in 2017-2018, there were 45% of Kings Collegiate Charter School students and 27% of community district 18 students scoring proficient. Finally, in 2018-2019, there were 53% of Kings Collegiate Charter School students and 29% of community district students scoring proficient.

¹⁵ Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its News Release webpage.

8	n/a	n/a	n/a	n/a	n/a	n/a		
All	46%	23%	45%	27%	53%	29%		

Goal 4: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar concentration of economically disadvantaged students. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2017-18 analysis is not yet available. This report contains <u>2017-18</u> results, the most recent Comparative Performance Analysis available.

RESULTS AND EVALUATION

The table below shows that the school's overall comparative performance is higher than expected overall. Once again, Kings Collegiate Charter School met this measure with a significant positive effect size in all grades. In 2017-2018, the aggregate effect size for Kings Collegiate Charter School was 0.50. Kings Collegiate Charter School student achievement increases the longer students are enrolled at the school. We are continually pushing our student growth and are excited to see the magnitude of our work each year.

School's Overall Comparative Performance:	
Higher than expected to a meaningful degree	

Additional Evidence

As the school continues to strengthen its Math program, the effect size is anticipated to increase.

Mathematics Comparative Performance by School Year

School Year	Grades	Percent Economicall y Disadvantag ed	Number Tested	Actual	Predicted	Effect Size
2015-16	5-7	82.6	253	48.2	24.2	1.22
2016-17	5-7	80.7	260	43.6	26.7	0.85
2017-18	5-7	72.4	258	46.5	36.5	.50

Goal 4: Growth Measure¹⁶

 $^{^{16}}$ See Guidelines for $\underline{\text{Creating a SUNY Accountability Plan}}$ for an explanation.

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

METHOD

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and also have a state exam score in 2016-17 including students who were retained in the same grade. Students with the same 2016-17 scores are ranked by their 2017-18 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to meet the measure, the school would have to achieve a mean growth percentile above the target of 50.

Given the timing of the state's release of Growth Model data, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Growth Model data available.¹⁷

RESULTS AND EVALUATION

The school's overall Mean Growth Percentile was 61.1, which is greater than 50. This measure was met when averaged across all grades within the school. Specifically grades 5,6, and 7 individually met the benchmark.

2017-18 Mathematics Mean Growth Percentile by Grade Level

Grad	Mean Growth Percentile		
е	School	Target	
4		50.0	
5	60.3	50.0	
6	53.8	50.0	
7	69.5	50.0	
8	n/a	50.0	
All	<u>61.1</u>	50.0	

ADDITIONAL EVIDENCE

In 2016-2017, we did meet this measure, and we continued to spend time examining and analyzing teacher practice and support during the 2017-2018 school year to make progress toward this benchmark. This included a more cohesive Math curriculum.

¹⁷ Schools can acquire these data from the NYSED's business portal: portal.nysed.gov.

Mathematics Mean Growth Percentile by Grade Level and School Year

Grad	Mean Growth Percentile					
е	2015-16	2016-17	2017-18	Target

All	68.0	69.8	61.1	50.0		

SUMMARY OF THE MATHEMATICS GOAL

In its twelfth year of state testing, Kings Collegiate Charter School met 3 out of the 5 applicable Mathematics goals and we feel confident we will reach 1 of 2 absolute goals once the MIP data is released.

Туре	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.	Did not Achieve
Absolute	Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	Not Available
Comparativ e	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison.	Achieved
Comparativ e	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2017-18 results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50. (Using the 2017-18 results.)	Achieved

ACTION PLAN

Kings Collegiate Charter School came close to meeting most of its math accountability goals for school year 2018-2019 and has demonstrated progress towards remaining goals.

Over the course of the past school year Uncommon Schools has made continuous changes to its program in order to ensure that its curriculum, schedule, and instruction best support student learning in math. Changes include: switching from Saxon math to a Math Investigations-based curriculum to better align to NYS Learning Standards rooted in conceptual math; revising math lessons so that student activities more closely align to the objective; revising scope and sequences to ensure that math meetings in grades K-3 and fact practices in grades 5-7 are focused solely on reviewing difficult-to-master material throughout the school year; revising quarterly Interim Assessments to ensure that each NYS Learning Standard is taught, assessed and ultimately mastered; and, finally, prioritizing differentiated teacher development.

As mentioned before, we continue to strive for our students to get individualized feedback in both Math and ELA. We know with real-time feedback and continued independent practice, students will be able to refine their skills in both Math and ELA. As a network, we will continue to implement a small group instruction into the day for four months starting in January and ending in May. There, students and staff emphasize the importance of preparation and practice with alternating blocks of ELA & Math Monday – Thursday, giving real-time feedback to students on their work throughout the block. Our Curriculum Assessment Team collect this data and work with our principals and Assistant Superintendents to implement data-driven worksheets based on where our students needed the most practice.

HIGH SCHOOL MATHEMATICS

Goal 4: Absolute Measure

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents mathematics exam(s) that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on any Regents Common Core mathematics exams. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Scoring at Least Level 4 on a Regents Mathematics Common Core Exam by Fourth Year Accountability Cohort¹⁸

Cohort Designatio n	Fourth Year	Numbe r in Cohort	Percent Scoring at Least Level 4
2013	2016- 17	N/A	N/A
2014	2017- 18	N/A	N/A
2015	2018- 19	N/A	N/A

ADDITIONAL EVIDENCE

Our data indicates that future cohorts at KINGS COLLEGIATE CHARTER SCHOOL will see a high percentage of students meeting or exceeding this measure.

Percent Achieving at Least Level 4 by Cohort and Year

Cohort	2016-17		2017-18		2018-19	
Designati	Number	Percent	Numbe	Percent	Number	Percent

2017			107	65%	96	67%
2018					108	65%

Goal 4: Absolute Measure

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

 $^{^{\}rm 18}$ Based on the highest score for each student on a mathematics Regents exam

METHOD

The school administered the Regents mathematics exam(s) that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents mathematics exams. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Scoring at Least Level 3 on a Regents Mathematics Common Core Exam by Fourth Year Accountability Cohort¹⁹

Cohort Designatio n	Fourth Year	Numbe r in Cohort	Percent Scoring at Least Level 3 on a Regents Mathematics Exam
2013	2016- 17	N/A	N/A
2014	2017- 18	N/A	N/A
2015	2018- 19	N/A	N/A

ADDITIONAL EVIDENCE

Our data shows that subsequent cohorts are on track to meet or exceed this benchmark in future years.

 $^{^{19}}$ Based on the highest score for each student on a mathematics Regents exam

2017		107	96%	96	96%
2018				108	94%

Goal 4: Absolute Measure

Each year, the Performance Index ("PI") on the Regents mathematics exam of students completing their fourth year in the Accountability Cohort will meet the state's Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In the state's revised calculation of the high school Performance Index, schools now receive additional credit for students scoring at Accountability Level 4.²⁰ To achieve this measure, all tested students in the Accountability Cohort must have a PI that equals or exceeds the state's 2018-19 mathematics MIP for all students of 151.

The Performance Index is calculated as such: (percent of students scoring at Accountability Level 2) + 2*(percent of students scoring at Accountability Level 3) + 2.5 * (percent of students scoring at Accountability Level 4). Thus, the highest possible PI is 250. The basis for the percent of students is the school's fourth year Accountability Cohort. Regents Common Core mathematics exams are scored on a scale from 0 to 100; 0 to 64 is Accountability Level 1, 65 to 79 is Accountability Level 2 (65 to 77 for Algebra II); 80 to 84 is Accountability Level 3 (78 to 84 for Algebra II), and 85 to 100 is Accountability Level 4.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Mathematics Performance Index (PI) For the 2015 High School Accountability Cohort

Number in	Percent of Students at Each Accountability Level

²⁰ For more details on the score ranges used to determine Accountability Levels as distinguished from Performance Levels, see

ADDITIONAL EVIDENCE

Goal 4: Comparative Measure

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

METHOD

The school compares the performance of students in their fourth year in the charter school Total Cohort to that of the respective Total Cohort of students in the school district of comparison. Due to availability of comparative data, this measure uses the school's Total Cohort results and not the Accountability Cohort results. In order to meet or exceed Common Core expectations, a student must achieve Performance Level 4 or 5. Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available school district results.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Achieving Performance Level 4 or Higher on a Mathematics Regents of Fourth-Year Total Cohorts by Charter School and School District

Cohort	Fourth Year	PI	Cohort Size	PI	Cohort Size	
2013	2016-17	N/A	N/A	N/A	N/A	
2014	2017-18	N/A	N/A	N/A	N/A	
2015	2018-19	N/A	N/A	N/A	N/A	

ADDITIONAL EVIDENCE

Goal 4: Growth Measure

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to grow to meeting the mathematics requirement for the college and career readiness standard.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Percent Achieving at Least Performance Level 4 on a Mathematics Regents Exam among Students

N/A

ACTION PLAN

- Students will continue to receive 60-120 minutes of math instruction each day.
- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom instruction and provide feedback on instruction.
- The school's leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers.
- The school's leadership team will continue to review the effectiveness of the school's curriculum and make necessary revisions to increase student achievement.
- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- KINGS COLLEGIATE CHARTER SCHOOL will continue to offer Regents/AP/SAT preparation beginning in the 9th grade.
- KINGS COLLEGIATE CHARTER SCHOOL will continue to provide professional development before the school year, during the school year, and following the school year, during which teachers can review and discuss results.

GOAL 5: SCIENCE

Goal 5: Science

STUDENTS WILL DEMONSTRATE PROFICIENCY IN THE UNDERSTANDING AND APPLICATION OF SCIENTIFIC PRINCIPLES.

BACKGROUND

Kings Collegiate Charter School's Science curriculum is aligned to the NY State standards and includes the use of both authentic text such as articles, or passages from non-fiction texts, and the use of textbooks in class to ensure that students are reading to learn new material presented.

The science curriculum is created within the Uncommon Schools Network. Lesson plans associated multi-media resource materials and assessments are aligned to NYS standards. The curricula are designed with minute-by-minute plans for teachers to execute in their classrooms. The plans include a variety of activities: hands-on experiments, reading and responding to complex non-fiction texts, classroom discussion and debate of key issues, vocabulary instruction, and student presentations.

Goal 5: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

METHOD

Kings Collegiate Charter School did not administer the 8th grade NY State science exam. Instead, the school has offered the Living Environment Regents to 8th grade students for the past several years.

RESULTS AND EVALUATION

Students at Kings Collegiate Charter School take the Living Environment Regents in place of the NY State Exam.

Charter School Performance on 2018-19 State Science Exam By All Students and Students Enrolled in At Least Their Second Year

Grad		t Proficiency of Students ast 2 nd Year

All							

Goal 5: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

The school compares tested students enrolled in at least their second year to all tested students in the public-school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison. Given the timing of the state's release of district science data, the 2018-19 comparative data may not yet be available. If not, schools should report comparison to the district's **2017-18** data.

	[Write in optional measure here]	

²⁴ This table uses the prior year's results as 2018-19 district science scores are not yet available.

ACTION PLAN

In 2019-20, Kings Collegiate Charter School will continue to employ our internally created science programs and extensive hands-on experiments to move students towards competency in the understanding and application of Science.

Kings Collegiate Charter School remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Science.

HIGH SCHOOL SCIENCE

Goal 5: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

METHOD

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry and Physics. The school administered Living Environment. It scores Regents on a scale from 0 to 100; students must score at least 65 to pass. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort. Students may have taken a particular Regents science exam multiple times or have taken multiple science exams. Students have until the summer of their fourth year to pass a science exam.

RESULTS AND EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

GOAL 6: SOCIAL STUDIES

Goal 6: Social Studies

Students will demonstrate proficiency in the understanding and application of principles related to the social sciences.

Goal 6: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. This measure requires students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort. Students may have taken the exams multiple times and have until the summer of their fourth year to pass it. Once students pass it, performance on subsequent administrations of the same exam do not affect their status as passing.

RESULTS

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Goal 6: Comparative Measure

Each year, the percent to students in the high school Total Cohort passing the Regents U.S. History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

METHOD

The school compares the performance of students in their fourth year in the charter school high school Total Cohort to that of the respective cohort of students in the school district of comparison. Due to the availability of comparative data, this measure uses the school's Total Cohort results and not the Accountability Cohort results. Given that students may take Regents exam up through the summer of their fourth year, school presents the most recently available district results.

RESULTS

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

U.S. History Passing Rate of the High School Total Cohort by Charter School and School Distric

		Charter School		School District	
Cohort	Fourth	Percent	Cohort	Percent	Cohort
	Year	Passing	Size	Passing	Size
2013	2016-17	N/A	N/A	N/A	N/A

2014	2017-18	N/A	N/A	N/A	N/A
2015	2018-19	N/A	N/A	N/A	N/A

EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

ADDITIONAL EVIDENCE

Goal 6: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

METHOD

This measure requires students in each Accountability Cohort to pass the Global History exam by the completion of their fourth year in the cohort. Students may have taken the exam multiple times and had until the summer of their fourth year to pass it. Once students pass it, performance on subsequent administrations of the same exam do not affect their status as passing.

RESULTS

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Global History Regents Passing Rate with a Score of 65 by Fourth Year Accountability Cohort²⁷

Cohort Designatio n	Fourth Year	Number in Cohort	Percent Passing with a score of 65
2013	2016-17	N/A	N/A
2014	2017-18	N/A	N/A
2015	2018-19	N/A	N/A

EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

 $^{^{\}rm 27}$ Based on the highest score for each student on a science Regents exam

ADDITIONAL EVIDENCE

Global History Regents Passing Rate with a score of 65 by Cohort and Year

Cohort	2016-17		2017-18		2018-19	
Designati	Number	Percent	Numbe	Percent	Number	Percent
on	in	Passing	r in	Passing	in	Passing
OII	Cohort		Cohort		Cohort	
2015	N/A	N/A	N/A	N/A	N/A	N/A
2016	N/A	N/A	N/A	N/A	N/A	N/A
2017			107	0%	96	72%
2018					108	0%

Goal 6: Comparative Measure

Each year, the percent of students in the high school Total Cohort passing the Regents Global History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

METHOD

The school compares the performance of students in their fourth year in the charter school high school Total Cohort to that of the respective cohort of students in the school district of comparison. Due to the availability of comparative data, this measure uses the school's Total Cohort results and not the Accountability Cohort results. Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available district results.

RESULTS

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Global History Passing Rate of the High School Total Cohort by Charter School and School District

		N/A	N/A	Available	Available

EVALUATION

The High School was founded in 2017 with a 9th & 10th grade class for 2018-2019 and has not had a graduating cohort. There is no data to report.

Additional Evidence

GOAL 7: ESSA

Goal 7: ESSA

The school will remain in good standing under the state's ESSA accountability system.

Goal 4: Absolute Measure

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system.

RESULTS AND EVALUATION

Kings Collegiate Charter School received a "Good Standing" status under ESSA. The school has diligently worked to meet each ESSA requirement and comply with all stated guidelines for testing and we will maintain this going forward.

Accountability Status by Year

Year	Status	
2016-17	Good Standing	
2017-18	Good Standing	
2018-19	Good Standing
