Michael Scott, Jr. has served as the Principal of the Middle Academy since 2018. Abby Chapman has served as the Director of Operations of the Middle Academy since 2020. Mallorie Bocachica has served as Principal of the Elementary Academy since 2018. Hannah Herbert has served as the Director of Operations of the Elementary Academy since 2019.

### NARRATIVE DESCRIPTION

The mission of Leadership Prep Canarsie (LPCN) is to prepare each student for college. Leadership Prep Canarsie opened on August 21, 2013. The school opened with Kindergarten and 5<sup>th</sup> grade and now serves students in Kindergarten through 8<sup>th</sup> grade. The school successfully completed its eighth year of operation in June 2021.

Leadership Prep Canarsie's school design includes six core components.

**Focus on Literacy.** Many of our students beginning their school career reading substantially below grade level. If a school does not address this dramatic and central issue immediately, students will be at a huge disadvantage in all subjects in high school and college. The ultimate academic success of LPC students, therefore, is tied to mastering this fundamental skill. In 2020-21, LPC provided explicit instruction in literacy skills and inculcated the reading habit through:

- Two hours and a half of daily literacy instruction;
- Requiring students to read reading level-appropriate books during the summer;
- Requiring graded, written work in every class, including math; and
- Requiring students to carry an independent reading book, checked out from our Library, to make better use of transition time in the hallways and other periods of downtime throughout the school day.

**Target Curriculum Focused on Basic Skills.** LPC does not use an off-the-shelf curriculum. Rather, LPC uses curriculum developed by our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP). Our CAT and LLP develop curriculum directly from the New York State Learning Standards that ensures students master a core set of basic academic skills before they can master higher-level, abstract material.

Our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP) pay particularly close attention to the topics, sequence, and performance standards outlined in the New York State standards. This ensures that students are mastering the same material as their peers throughout New York State.

At the same time, both teams adapt the subject topics and performance standards according to their professional expertise and from data-driven feedback from our teachers. CAT and our LLP create a comprehensive curriculum for their subject, saved on our network's share drive, with a year-long scope and sequence, individual unit plans, daily lesson plans, and assessment materials. LPC teachers will then save their lessons to our school's share drive with any edits they have adapted for their classroom. Not only does this provide the school with a record of individual course instruction but this also serves as a valuable curricular planning resource for returning and future teachers.

**Assess Early and Often to Drive the Instructional Program.** The most effective schools use assessment to diagnose student needs, measure instructional impact, and build a culture of continuous reflection and improvement. LPC administered internally-aligned Interim Assessments in 2020-2021. 2 Interim Assessments were given for all subjects (ELA, Math, History, and Science) in Grades 5-8. 2 Interim Assessments were given for Math in Kindergarten-4<sup>th</sup> grade. These tests assessed ongoing student mastery of Math, Reading/Writing, Science and History skills and standards throughout the year and provided immediate data on individual student and class growth. LPC teachers, with the support of the Principal, used this data to identify standards mastered and standards in need of re-teaching so that

lesson plans could be continuously adjusted. LPC also utilized the information to target content- and skills-driven tutoring and small-group instruction.

Our CAT team this year also began the use of weekly data collection through small assessments in both ELA and math. The data from these assessments was used by CAT and our LLPs to address gaps in content or skill that they could see trend across our Brooklyn Schools.

**Make More Time.** In order to provide students with a comprehensive, college preparatory education, Leadership Prep Canarsie has an extended school day and school year. For most students, the regular school day began at 7:15 AM and ended at 4:00 PM

With hour-long periods four days a week and 45 minute periods on Fridays to allow for significant staff meeting and professional development time, all students at Leadership Prep Canarsie received the following weekly:

- 7 periods of Mathematics
- 9 periods of English Language Arts (Reading and Writing; ELA combined on Fridays)
- 4 periods of Independent Reading
- 5 periods of Social Studies
- 5 periods of Science
- 5 periods of Specials courses - Typing, Fitness, and Performing Arts (5<sup>th</sup>-8<sup>th</sup> grade)

Leadership Prep Canarsie students extended their learning beyond the school day completing, on average, one-and-a-half to two hours of homework every night.

**Emphasis on College.** For too many at-risk students, college only exists in the abstract. For Leadership Prep Canarsie students, freshman year of college will be a natural extension of their educational experience at Leadership Prep Canarsie.

Leadership Prep Canarsie students began talking about college on the first day of school as their advisories are named after the alma maters of their teachers. Through informal conversations in advisory and in classes, students learned about the college application process, financial aid, dorm-life, selecting a major, and other important aspects of college survival.

Leadership Prep Canarsie Elementary Academy's school culture is based on its seven core values of "Humility," "Curiosity," "Creativity," "Compassion," "Critical Thinking," "Open Mindedness," and "Learn, Progress, Change." Leadership Prep Canarsie Elementary Academy students are expected to consistently demonstrate these values wherever they find themselves and are rewarded when they model these values well and go above and beyond. Students earn the opportunity to visit the treasure chest at the end of the week if demonstrating all of these values to receive a reward. Each week at the Community Meeting, one value is celebrated and one scholar from each classroom is given an award for exemplifying the highlighted value.

Leadership Prep Canarsie Middle Academy's school culture is based on its six core COBRAS values of "Curiosity," "Optimism," "Bravery," "Resilience," "Accountability," and "Selflessness." Leadership Prep Canarsie Middle School Academy students are expected to consistently demonstrate these values wherever they find themselves and are rewarded with merit dollars when they model these values well or go above and beyond. Students earning merit dollars receive the opportunity to represent the school on merit trips and trade their merits at Merit Auctions for tangible rewards. Every other month, by

participating in merit-earned trips either with a group of the top merit earners or one-on-one/two-on-one with staff members, merit winners develop the more abstract skills necessary for true college preparation (trying new activities, demonstrating leadership and professionalism, and participating in community service).

**Insist on Family Involvement.** LPC's educational program is structured so that families must be involved in their child's academic pursuits. In 2020-2021, LPC families:

- virtually received and met with their students' teacher 3 times throughout the year for report card conferences;
- maintained an open line of communication with their child's teachers through in-person meetings, weekly dashboards, semi-monthly progress reports, advisory calls and e-mails;
- were asked to offer input on the school on mid-year and year-end surveys, grading the school;
- were offered the opportunity to participate in virtual events (such as talent shows, Poetry Slam, and Performing Arts showcases);
- were invited to multiple virtual social events with scholars, teachers and families focused on strengthening the involvement of parents in the school community

### COVID-19 Hybrid and Remote Learning

Due to COVID-19, during the 2020-2021 school year LPC provided the option of remote or hybrid learning. Across Uncommon NYC, 60% of families opted into Remote Learning for the entire year. In January of 2021, all Uncommon NYC schools opened their doors to roughly 30% of families who opted into hybrid learning. In grades K-8, LPC provided a digitally driven instruction model to continue and further student learning and mastery of objectives of untaught materials. This was designed to be adaptive to families' varied schedules. This consisted of instructional videos and supporting resources, student practice tasks/deliverables, teacher office hours and teacher/parent check-in (K-2) or teacher/student check-in (3-8). The online platforms used were EPIC!, Newsela, and Google Classroom. Below are the key components of weekly instruction.

- **Instructional Videos and Supporting Resources:**
  - Grades K-4: An assigned team of staff across Uncommon created a series of instructional videos that were posted to an in house created Google Site. Each instructional video included a supporting resource for students that guided learning. In addition, remote students participated in live classes with their teachers on Zoom throughout the week.
  - Grades 5-8: An assigned team of staff across Uncommon created a series of instructional videos. The videos and resources were posted to a shared GoogleDrive, from which teachers then posted to their own Google Classrooms. Each instructional video included a supporting resource for students that guided note taking. In addition, remote students participated in live classes with their teachers on Zoom throughout the week.
- **Student Practice Tasks/Deliverables:** In addition to tasks assigned by the instructional videos, students were also assigned work to practice mastery of previously learned material.
  - Grades K-4: Each week, students submitted two designated deliverables- 1 reading and 1 math to their teacher by sending a picture/scan of their work via email/text.

## 2020-21 ACCOUNTABILITY PLAN PROGRESS REPORT

- **Grades 5-8:** Each week, 1-2 tasks per content area were designated as a “deliverable,” which students submitted to their teacher by sending a picture/scan of their work via email/text.
- **Teacher Office Hours:** Teachers maintained office hours Monday through Thursday from 9am - 11am and 2pm - 4pm. During this time, students were able to ask questions and teachers could give feedback on work that was submitted to ensure students were understanding the content. Teachers could also schedule extra touchpoints with students who needed additional support over the course of the week.
- **Teacher/Parent Check-In (K-2) or Teacher/Student Check-In (3-8):** To maintain a personal touchpoint with individual students to ensure their well-being and to maintain community, all teachers scheduled 10 - 20-minute check-ins with students at least one time per week. The goals of the check-in included: checking in on student well-being, determining if students have any personal/family needs, providing feedback or answering questions about student work. (For grades 5-8 these check-ins were split by advisories or by content area(s) based on school leader discretion).
  - School leaders (Principals and Directors of Operation) also provided support as needed to ensure the academic progress and wellness of students. Additionally, if a teacher was struggling to reach a student and/or the student was not completing their work, a school leader followed up with the student and/or family to reset expectations and help determine solutions to any issues.

All students received Chromebooks during the 2020-2021 academic year for school use.

## GOAL 1: ENGLISH LANGUAGE ARTS

### Goal 1: English Language Arts

ALL UNCOMMON NEW YORK CITY STUDENTS WILL BE PROFICIENT READERS AND WRITERS OF THE ENGLISH LANGUAGE.

### BACKGROUND

The Leadership Prep Canarsie (LPC) English Language Arts curriculum reflects our understanding that literacy is the foundation upon which all future knowledge is built. We provide our scholars with 150 minutes of reading instruction each day. Our reading program overcomes our scholars' early literacy deficits by aggressively accelerating them through a coherent set of curricula that addresses five components of early literacy: phonemic awareness, phonics, vocabulary, fluency, and comprehension. The foundation of our reading curriculum lies in four complementary, research-based programs – Direct Instruction (Reading Mastery); Computer Reading Program; reading comprehension instruction based on the lesson plans of other Uncommon Schools teachers; guided reading instruction based on the STEP assessment, and explicit vocabulary instruction through Text Talk (designed by noted vocabulary expert Isabel Beck). We incorporate these five components of early literacy to provide a rigorous reading education.

All Leadership Prep Canarsie Elementary Academy scholars start the day with a 25-minute Read Aloud, where they sit on the rug, listen to their teacher read to them from a text taken from the Text Talk Program or a teacher-selected text, and answer questions that increase their reading comprehension skills and vocabulary base. Teachers select texts which allow them to teach particular comprehension concepts that are being taught during Reading Comprehension.

The Reading Mastery program, which Elementary Academy teachers use as the curriculum for one of the daily 45-minute reading blocks, has an extremely strong research base. It is particularly effective in building the core decoding and fluency skills of students; moreover, the program is designed in a very linear, sequential manner. Students are not allowed to move on until they show mastery of the reading material. The Leadership Prep Canarsie Elementary Academy program gives scholars five 45-minute Reading Mastery lessons a week in order to rapidly accelerate them to mastery.

Scholars spend three 45-minute blocks each week doing Reading Comprehension. During this time, scholars delve into authentic literature and practice independent reading strategies. Scholars spend two 45-minute blocks each week doing Guided Reading using the STEP assessment. During this time, teachers use the assessment data as tools that are organized into a developmentally sequenced set of tasks that can help them understand the developmental status of individual students and a class of students at any given point. They also help a teacher analyze students' progress over time.

Scholars spend their third 45-minute reading block each day of the week on the classroom computers using the computer Reading Program, which provides engaging individualized early literacy instruction that reinforces both phonics and comprehension skills.

Because we have two teachers in each classroom through 4th grade, all Leadership Prep Canarsie Academy scholars are able to rotate through the above-mentioned three 45-minute reading blocks each day in groups of 10-11 scholars, following the below schedule. Between each reading group, scholars engage in a fun and energizing transition routine (e.g. singing the "Look at how I move! Dance to get from the desks to the rug").

In the Middle Academy, students receive 60 minutes of reading and writing instruction daily, independent reading on several days of the week, as well as a robust library with word incentives,

including special t-shirts for students who reach up to 1,000,000 words. During independent reading, students can read an independent reading book on their level. Their levels are determined by the STAR Reading Assessment 4 times a year. The school library carried books ranging across all grade levels to support scholars' growth and knowledge. Scholars were given point goals every month to aid in increasing reading levels.

Leadership Prep Canarsie administers several different assessments throughout the year for various grade levels. Commercial assessments include the STEP Program (see "Summary of ELA Goal" section). School-created assessments include: bimonthly writing compositions and quarterly Interim Assessments. A full-time Learning Support Coordinator (Special Education Coordinator) helps the Principal develop and lead extensive and intensive professional development to ensure that Leadership Prep Canarsie's English Language Arts Goals are met.

Every year the school provides teachers with an intensive training program whereby we instruct teaching, student behavior management techniques, and strategies to employ in the classrooms and throughout the school. We achieve and maintain complete consistency in messaging, expectations, and responses to student behavior and academic standards throughout the school. Additionally, all staff meet one day each week to review the past week's progress and to finalize preparations for the coming week. Teachers are regularly observed teaching by the school leadership and receive constant feedback for improvement.

### METHOD

LPC typically uses internally developed Interim Assessments and Final Examinations in addition to the criterion-referenced New York State exams in ELA. Given that state testing was only offered to students who opted into hybrid learning due to the COVID-19 pandemic, a very small subset of students took the state exams. In addition, LPC administered 2 of the typical 6 internally-developed interval assessments for ELA in Middle school. The internal assessments in ELA are aligned to state standards and to the school's scope and sequence. Starting in August, teachers and administrators develop curricular strategy, unit plans, and daily lessons based upon the scope and sequence. At the close of each unit, an assessment is administered, graded, and data shared so that teachers and administrators can develop action plans based on objective, standards-driven data. The principal and leadership team work closely with teachers at every step of this process, giving feedback on daily lesson plans, curriculum, action plans, and the implementation of these plans.

After the interval assessments were administered, teachers graded each exam and entered individual performance data into a shared template for detailed test analysis. With the individual student, whole class, and whole grade data, teachers analyzed the data and developed strategic plans to re-teach specific standards to individuals, small groups, and classes. The school also utilized the information to target content- and skills-driven tutoring throughout the day in school from January to April (due to closure for COVID).

After the transition to remote learning in March, students used Google Classroom for ELA instruction. This consisted of watching pre-recorded videos and reading whole-class novels at the middle school level with daily deliverables. Teachers led in person classes via Zoom as well as held office hours and tutored small groups of students. Students with support services continued to receive specialized instruction.

### RESULTS AND EVALUATION

Based on data from the Interim Assessments administered in 2020-2021, we are making progress towards our goals. At Leadership Prep Canarsie 39% of Middle Academy students achieved proficiency or advanced status on their first ELA Interim assessment and 52.9% of Middle Academy students achieved proficiency or advanced status on their second ELA Interim assessment. We will continue to work towards a higher percentage of students meeting this metric for School Year 2021-2022.

### SUMMARY OF THE ENGLISH LANGUAGE ARTS GOAL

LPC did not meet the ELA goal for the 2020-2021 school year based on the interim assessments that were administered in Grades 5-8. We are still making progress towards our goals and will continue with our action plan as we return to a full in-person schedule this year.

### ACTION PLAN

Literacy is the foundation on which all other learning rests, and accordingly, English Language Arts (ELA) instruction lies at the core of Leadership Prep Canarsie's curriculum. LPC has demonstrated progress towards all remaining goals, and is continuously improving upon its literacy instruction. LPC realizes that, similar to most urban public schools, this is still an area for growth.

Based on historical accountability progress performance, Leadership Prep Canarsie urgently made adjustments to improve outcomes for students since last year. This year we intend to strengthen skills as well as systems for responding to data. Our Dean of Curriculum and Instruction will hold weekly practice groups with their newest teachers to give feedback and improve instruction provided to students, Instructional Leaders will review teacher lesson plans weekly and provided feedback before implementation, and leaders will increase the amount of real time feedback given to teachers during the school day. Additionally, our instructional leadership along with the Uncommon Curriculum and Development team will lead professional development sessions in addition to Weekly Data Meetings and Creating Response to Data Lessons. As a result, we intend to see an increase in student performance on the NYS ELA exam for this coming year and make more progress toward our absolute, growth and comparative ELA accountability goals and measures for school year 2020-2021.

## GOAL 2: MATHEMATICS

### Goal 2: Mathematics

STUDENTS WILL DEMONSTRATE COMPETENCY IN THE UNDERSTANDING AND APPLICATION OF MATHEMATICAL COMPUTATION AND PROBLEM SOLVING.

### BACKGROUND

We believe our students should be able to compute numbers quickly and accurately, apply appropriate math procedures in single- and multi-step problems, and speak and write fluently and clearly about math problem solving and procedures, using accurate mathematical vocabulary. For this reason, our students take at least 90 minutes of math per day, during which students review concepts for procedural fluency, explore conceptual understanding of old and new content through guided instruction and partner work, and engage in rigorous problem solving requiring the application of skills

and the extension of learned content. Basically, we double the time dedicated to math instruction each day to ensure that students can compute and problem solve.

### METHOD

Leadership Prep Canarsie typically uses data from the following assessments to ensure student proficiency in Mathematics:

- Criterion-referenced New York State exams in Mathematics
- Internally developed Interim Assessments in Mathematics
- Internally developed Final Examination in Mathematics

During the 20-21 academic year, Leadership Prep Canarsie was only able to use Internally developed Interim Assessments in Mathematics due to the COVID pandemic and majority of students participating in remote learning. Leadership Prep Canarsie administered 2 internally developed and aligned Interim Assessments. These assessments were created to reflect the school's scope and sequence in Math, and to mirror the style and scope of the New York State Math exams. The assessments focused primarily on the most recently covered standards, with a smaller focus on cumulative skills and standards covered in previous units.

After the tests were administered, teachers graded each exam and entered individual performance data into a shared template for detailed test analysis. With the individual student, whole class, and whole grade data, teachers analyzed the data and developed strategic plans to re-teach specific standards to individuals, small groups, and classes. Leadership Prep Canarsie also utilized the information to target content- and skills-driven tutoring throughout the day in school from January to April (due to closure for COVID).

We returned in January 2021 in a hybrid model for families that opted into this option. Roughly 30% of families across all Uncommon NYC schools, opted into hybrid learning. Regardless of remote or hybrid instruction, Leadership Prep Canarsie continued to have consistent Math instruction where scholars in Grades K-8 completed asynchronous learning by watching a video pre-recorded by one of our veteran Math teachers and completing a written task generating a work product at least 2 days per week. Teachers provided weekly feedback on submitted written assignments. Scholars also were able to attend live remote instruction. Live remote instruction was data driven based on trends from the previous week's lesson. Teachers determined the objective and tailored the lesson based on trends from the written assignments submitted.

### RESULTS AND EVALUATION

Based on data from the Interim Assessments administered in 2020-2021, we are making progress towards our goals. At Leadership Prep Canarsie 42.6% of students achieved proficiency or advanced status on their first Interim assessment and 56.9% of students achieved proficiency or advanced status on their second Interim assessment. We will continue to work towards a higher percentage of students meeting this metric for School Year 2020-2021.

Usually Leadership Prep Canarsie's 8<sup>th</sup> grade cohort completes the Algebra 1 Regents exam in June of each year. Due to COVID and the majority of 8<sup>th</sup> grade students participating in remote learning for the 2020-2021 academic year, students received exemptions. Therefore, we do not have Algebra 1 Regents data for the 2020-2021 school year.

### SUMMARY OF THE MATHEMATICS GOAL

In its eighth year, Leadership Prep Canarsie is still working towards its goal of all tested students scoring proficient on their most recent Interim Assessment. We are still making progress towards our goals and will continue with our action plan as we return to a full in-person schedule this year.

### ACTION PLAN

We are still making progress towards our goal and will continue with our action plan as we return to a full in-person schedule this year.

Over the course of the past school year Uncommon Schools has made continuous changes to its program in order to ensure that its curriculum, schedule, and instruction best support student learning in math. Changes include: switching from Saxon math to a Math Investigations-based curriculum to better align to NYS Learning Standards rooted in conceptual math; revising math lessons so that student activities more closely align to the objective; revising scope and sequences to ensure that math meetings in grades K-3 and fact practices in grades 5-7 are focused solely on reviewing difficult-to-master material throughout the school year; revising quarterly Interim Assessments to ensure that each NYS Learning Standard is taught, assessed and ultimately mastered; and, finally, prioritizing differentiated teacher development.

As mentioned before, we continue to strive for our students to get individualized feedback in both Math and ELA. We know with real-time feedback and continued independent practice, students will be able to refine their skills in both Math and ELA. During Remote and Hybrid learning, we strive to continue to provide both real-time feedback and consistent feedback on written work submissions via teacher-led sessions on Zoom and comprehensive feedback on graded assignments. As a network, we plan to continue to implement a small group instruction into the day for four months starting in January and ending in May. There, students and staff emphasize the importance of preparation and practice with alternating blocks of ELA & Math Monday – Thursday, giving real-time feedback to students on their work throughout the block. Our Curriculum Assessment Team collect this data and work with our principals and Assistant Superintendents to implement data-driven worksheets based on where our students needed the most practice.

## GOAL 3: SCIENCE

### ELEMENTARY AND MIDDLE SCIENCE

#### Goal 3: Science

STUDENTS WILL DEMONSTRATE PROFICIENCY IN THE UNDERSTANDING AND APPLICATION OF SCIENTIFIC PRINCIPLES.

### BACKGROUND

Leadership Prep Canarsie's Science curriculum is aligned to the NY State standards and includes the use of both authentic text such as articles, or passages from non-fiction texts, and the use of text books in class to ensure that students are reading to learn new material presented.

The science curriculum at LPC has been designed to provide a solid foundation for students in the essential understandings of elementary and middle science as outlined in the New York State standards.

LPC continues to partner with Uncommon Schools to procure externally-developed, Common Core-aligned curriculum and assessments, which are based on the successful outcomes of the highest performing schools in the network. Lesson plans associated multi-media resource materials and assessments are aligned to NYS standards. The curricula are designed with minute-by-minute plans for teachers to execute in their classrooms. The plans include a variety of activities: hands-on experiments, reading and responding to complex non-fiction texts, classroom discussion and debate of key issues, vocabulary instruction, and student presentations.

Science instruction consistently reinforced both math and reading skills, and our science teachers frequently worked closely with both our Math and English Language Arts teachers to ensure that common approaches and language were used to reinforce cross-curricular content. For example, during the Scientific Method and Measurement unit, students worked with units of measurement, tools of measurement, and conversions between units of measure, reinforcing important math skills.

In terms of supporting literacy, professional development time is dedicated to determining how to best expose students to nonfiction texts during science class each week and how to encourage them to access and use scientific texts for their own learning and study. This exposure to nonfiction provided an important opportunity for students to practice and continue to develop their reading comprehension and vocabulary skills.

Despite the COVID-19 Pandemic, science teachers led classes both in person (for hybrid scholars) and remotely via Zoom (for remote scholars) that aligned to ensure all students were mastering grade-level appropriate science content throughout the year.

Students in Grades 5-8 school continued Science instruction 5 days a week in which the students watched videos created by veteran Science teachers from Uncommon and completed an assigned science task.

### METHOD

The school administered two internal interim Science assessments in grades 5-8.

### RESULTS AND EVALUATION

LPC students in Grades 5-8 took 2 rounds of internal Interim Assessments that were compared to other Uncommon Schools in our network. 43.8% passed the first Interim Assessment and 70.5% passed the second Interim Assessment in grade 8.

For 8th grade, the goal was met.

### SUMMARY OF THE ELEMENTARY AND MIDDLE SCIENCE GOAL

Leadership Prep Canarsie did achieve their Science goals for the 2020-2021 school year. We are continuing to making progress towards our goals and will continue with our action plan as we return to a full in-person schedule this year.

### ACTION PLAN

While LPC has been pleased with its 8<sup>th</sup> grade science results in the past, we acknowledge that there is always room for improvement, especially given the 20-21 8<sup>th</sup> grade internal Interim Assessment results.

## 2020-21 ACCOUNTABILITY PLAN PROGRESS REPORT

In 2020-21, Leadership Prep Canarsie will continue to employ our internally created science programs and extensive hands-on experiments to move students towards competency in the understanding and application of Science.

Leadership Prep Canarsie remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Science. LPC plans to do the following things to ensure that students continue to progress in this measure:

1. Implement the Reading Taxonomy and Science Taxonomy techniques in all Science classes to continue to improve teaching practices in these classes
2. Continue to prepare our 8th grade students for the Living Environment Regents in June
3. Continue to use fourth, fifth and sixth grade science curriculum to provide students with the essential understandings and skills that will prepare them for more in-depth study of Chemistry, Biology, and Physics during seventh and eighth grade
4. Encourage collaboration between science and literacy teachers so that comprehension and vocabulary strategies taught in reading class are incorporated into science class during non-fiction lessons. Science teachers will be responsible for teaching all textbook features through science instruction. These skills will then be reinforced by the reading teacher while reading non-fiction texts. In addition, Science and Writing teachers will continue to collaborate to give students practice in research and non-fiction writing.
5. Provide professional development and common planning time dedicated to collaboration between science, math, and literacy teachers to ensure that the science curriculum continues to reinforce essential math and reading comprehension skills. The class schedule was created with these periods in mind. Each of these teachers has at least one period a week that they can meet with their counterpart to discuss these skills. As mentioned previously we will also be using our PD time as a staff to focus on this. Observations, lesson review and video will be used to help provide feedback to our teachers on this topic.

### GOAL 4: ESSA

#### Goal 4: ESSA

Due to COVID-19 and the subsequent changes to the state's testing, accountability, and federal reporting requirements, the 2020-21 school accountability statuses are the same as those assigned for the 2019-20 school year. The 2019-20 accountability statuses were based on 2018-19 exam results. Assigned accountability designations and further context can be found [here](#).

THE SCHOOL WILL REMAIN IN GOOD STANDING UNDER THE STATE'S ESSA ACCOUNTABILITY SYSTEM.

#### Goal 4: Absolute Measure

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

### METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system.

### RESULTS AND EVALUATION

The 2019-20 ESSA Goal remains unchanged due to the Covid-19 school closure. The 2020-21 accountability status is based on 2019-20 results. Leadership Prep Canarsie received a "Good Standing" status under ESSA in 2018-2019. The school has diligently worked to meet each ESSA requirement and comply with all stated guidelines for testing and we will maintain this going forward.

Accountability Status by Year

Year	Status
2018-19	Good Standing
2019-20	Good Standing
2020-21	Good Standing

## Entry 3 Accountability Plan Progress Reports

Incomplete

### Instructions

#### **SUNY-Authorized Charter Schools ONLY- Complete Template and Upload to Epicenter**

SUNY-authorized charter schools must download an Accountability Plan Progress Report template at [Accountability Plan Progress Report](#). After completing, SUNY-authorized charter schools must upload the document into the SUNY Epicenter system by **September 15, 2022**. SUNY CSI will forward to NYSED CSO.

**PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.**

## Entry 4 - Audited Financial Statements

Incomplete

#### **Required of ALL Charter Schools**

**ALL SUNY-authorized charter schools** must upload the financial statements and related documents in PDF format into the SUNY Epicenter system no later than **November 1, 2022**. SUNY CSI will forward to NYSED CSO. **SUNY-authorized charter schools** are asked to ensure that security features such as password protection are turned off.

**ALL Regents, NYCDOE, and Buffalo BOE-authorized charter schools** must upload final, audited financial statements to the [Annual Report Portal](#) no later than **November 1, 2022**. Upload the independent auditor's report, any advisory and/or management letter, and the internal controls report as one submission, combined into a PDF file, ensuring that security features such as password protections are removed from all school uploaded documents.

**PLEASE NOTE: This task appears as visible and optional task in the online portal until August 1 2022 but will be identified as a required task thereafter and due on November 1, 2022. This is a required task, and it is marked optional for administrative purposes only.**

## Entry 4a - Audited Financial Report Template (SUNY)

Incomplete

#### **Instructions - SUNY-Authorized Charter Schools ONLY**

SUNY-authorized schools must download the Excel spreadsheet entitled "Audited Financial Report Template" at <http://www.newyorkcharters.org/fiscal/>. After completing, schools must upload the document into the SUNY Epicenter system no later than **November 1, 2022**. SUNY CSI will forward to NYSED CSO.

**PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.**

## Entry 5 - Fiscal Year 2022-2023 Budget

Incomplete

**SUNY-authorized charter schools** should download the [2022-23 Budget and Quarterly Report Template and the 2022-23 Budget Narrative Questionnaire](#) from the SUNY website and upload the completed template into Epicenter. SUNY CSI will forward to NYSED CSO. **Due November 1, 2022.**

**Regents, NYCDOE, and Buffalo BOE authorized charter schools** should upload a copy of the school's FY22 Budget using the [2022-2023 Budget Template](#) in the portal or from the Annual Report website. **Due November 1, 2022.**

The assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

**PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.**

## **Entry 6 - Board of Trustees Disclosure of Financial Interest Form**

**Completed** - Jul 29 2022

Due on August 1, 2022, each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2021-2022 school year must complete and sign a [Trustee Disclosure of Financial Interest Form](#). Acceptable signature formats include:

- Digitally certified PDF signature (i.e., DocuSign)
- Manual signature (1. download to print, 2. manually sign, 3. scan signed document to PDF, and 4. upload into portal)

All completed forms must be collected and uploaded in .PDF format for each individual member. **The education corporation is responsible for completing the form for trustees who left the board during the reporting year.**

Forms completed from past years will not be accepted. **Only the latest version of the form** (updated in April, 2022) is acceptable.).

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the education corporation. In the Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation.

## Entry 9 Enrollment & Retention

Completed - Jul 28 2022

### Instructions for submitting Enrollment and Retention Efforts

**Required of ALL Charter Schools**

Describe the good faith efforts the charter school has made in 2021-2022 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school’s plans for meeting or making progress toward meeting its enrollment and retention targets in 2022-2023.

## Entry 9 Enrollment and Retention of Special Populations

**Recruitment/Attraction Efforts Toward Meeting Targets**

	Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
	<ul style="list-style-type: none"><li>• All Uncommon Schools in New York City worked together on community outreach and enrollment efforts. By combining our efforts and sharing information about all of our schools at one time, we were</li></ul>	

able to reach far more students in New York City than if our schools worked independently.

- Uncommon Schools NYC hosted a network-wide Community Day, in which all Uncommon Schools have come together to canvass across Brooklyn, while simultaneously partnering with community organizations to host events in some of our biggest Community School Districts.

- The School used a combined Uncommon Schools application that allowed families to apply to multiple Uncommon Schools with just one application. This made it easier for a family to learn about and access all of our schools and allows our schools to reach a broader population of students.

- In addition to the combined Uncommon Schools application, the School participated in the New York City Charter School Center's Common Application for all charter schools in NYC. By continuing to offer our application as part of the common application for all charter schools, we are able to reach an even broader population of students.

- The School sent out multiple mailings to prospective students throughout the year through Vanguard Direct, Inc., focusing on the zip codes near our schools that have the highest number of FRPL and ELL students. Materials were sent out in English and Spanish, and included a self-addressed, stamped envelope to limit the barrier to return the completed application.

## Economically Disadvantaged

- The School ran both English and Spanish language ads in the New York City Housing Authority Journal. On their website, the NYCHA Journal says they are “hand-delivered to each of the 178,000 apartments in NYCHA’s 334 public housing developments throughout the five boroughs.” It was also be distributed to more than 10,000 NYCHA employees, and mailed to elected officials and community leaders. It was also available through email subscription.
- The School ran both online and in-print Spanish language ads in El Diario – a Spanish language daily newspaper with high circulation throughout Brooklyn.
- The School partnered with El Diario to send a direct Spanish-language email to families that live within our school zip-codes and have school-aged children.
- The School ran advertisements for enrollment on buses with strategic routes throughout the CSDs we serve in Brooklyn.
- Additionally, we implemented an MTA bus shelter advertisement in high pedestrian traffic areas of the neighborhoods in which our schools are located to reach families from within our community school district. The bus shelter advertisements included school-specific information as well as information about our schools, programs, and populations served.
- The School visited the NYCHA sites within our neighborhood on

The school will continue the efforts at left to recruit economically disadvantaged students, and will also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population.

multiple occasions to hang flyers, leave applications and speak with residents to ensure that residents of these locations were aware of our school and have the necessary information and materials needed to apply.

- The School ran a digital advertisement campaign that targeted families that live in zip codes near our schools and that have a high number of FRPL eligible and ELL students.

- The School participated in education, health, and career fairs in our school neighborhoods to share information about individual schools and our admissions and application process.

- In order to continue efforts to widely disseminate information about our School to prospective families, this year, the School worked with broadcasting agency, Entercom to run advertisements on two popular NYC radio stations.

See the response to “economically disadvantaged students” above. In addition, the school:

- Used Census tract data to create maps showing the distributions of the populations of the top five most spoken languages after English.

- Using these maps, we created community canvassing walks for the School to take to travel through those neighborhoods. On the walks, school staff and families visited local stores, organizations, shelters, and

apartment buildings and hung flyers and left brochures and applications in English and Spanish at each location. In addition, school staff spoke to residents along the way (in English and in Spanish) to spread the word about our schools.

- We will continue to translate all our outreach materials that are distributed by our schools.

Materials were produced and disseminated in English and Spanish will include our enrollment website and online lottery and waitlist applications, paper lottery applications, full color brochures and flyers, posters, informational packets, and tear away information sheets.

- We utilized the New York City Charter School Center's Common Application, which is available to families in six different languages.

- We identified high priority local community organizations to reach out to, based on factors including location, age group served, and proximity to high non- English-speaking populations. Each organization received a call from the regional admissions office by a fluent Spanish speaking staff member and a mailing including brochures, flyers and applications in all relevant languages.

- We met with the Committee for Hispanic Children, a non-profit referral service which helps Hispanic families find daycares, schools and enrichment

## English Language Learners

programs for their students, to ensure that they were aware of our schools as an option for their families and provided them with outreach materials that they could share with the families that they serve.

- A Spanish speaking staff member was available at our admissions office by phone and email 40 hours a week during student recruitment season.
- We took advantage of the DOE's Over-the-phone Interpretation Services, which allowed our school staff members to communicate with a parent with the assistance of an interpreter on the phone. This service increased our capacity to connect with families who speak a wider range of languages.
- We also know that families of our current ELL students are our best resource to reach new ELL students. All families at our schools will continue to receive applications to distribute to family and friends in English and Spanish. Families of ELL students will continue to receive extra applications. In addition, we worked to identify ELL families interested in volunteering to support student admissions efforts. These families met with a school staff member to learn about a variety of ways that they could get the word out about our schools and distribute applications to others. These families were encouraged to speak at their churches, or other local organizations to spread the word about our schools.

The school will continue the efforts at left to recruit ELL students, and will also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population.
- Implement Spanish-Language transit advertisements.

- We ran Spanish language ads with El Diario – a Spanish publication with the largest readership increase than any other daily newspaper in New York. Uncommon Schools will also place bilingual advertisements in the NYCHA Journal and several neighborhood weekly publications throughout the student recruitment cycle.
- Uncommon Schools NYC ran Google and additional digital ads in Spanish so that families searching for information about schools in New York City in Spanish see ads for our school and be directed to our Spanish webpages and applications.
- Each applicant, whether they are selected in the lottery or placed on the waitlist, will receive a letter in both Spanish and English telling them the results of the lottery and the next steps to enrolling in the school.

See the response to “economically disadvantaged students” above. In addition, the school:

- Identified and targeted all preschools that are certified to offer services to students with disabilities in our school communities. Head Starts will be included in this search, as they are mandated to serve a student body with at least 10% students with disabilities.
- Identified a list of preschools, Pre-K programs, and early childhood development centers that are high priority for our

schools due to their location and student population. These high priority sites received calls, visits, and recruitment materials for both elementary and middle school.

- Worked to build strong connections with our Committee on Special Education to ensure they know we are an option for students, should they wish to recommend students to join us.
- Reached out to related service agencies that we work with/have worked with in the past, to talk about the supports we offer students and asked if they had any students who could be recommended to apply.
- Confirmed that application materials clearly stated that all students, including those with disabilities, are eligible to apply. This language appeared on our enrollment websites, Kindergarten and 5th grade lottery applications, waitlist applications for all grades, the brochures that were distributed to organizations and mail to 24,000 Brooklyn families, as well as in the presentations given at our information sessions.
- Our admissions office and school-based staff will continue to be trained on this question so that they could answer the concerns of any families of potential applicants with special needs who called in.
- Revised our admissions brochure to explicitly mention our high-quality intervention programs that our schools offer of tutoring and small group

The school will continue the efforts at left to recruit students with disabilities, and will also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population

Economically Disadvantaged	<p>In accordance with our mission to prepare students for college, we want all of our students, including FRPL, ELL and students with disabilities, to stay with us through high school graduation. The School has had historically high levels of persistence for these sub-populations. We believe that creating high-quality educational program, hiring and training highly qualified teachers, and communicating regularly with families of all students has helped us to achieve high rates of persistence across our student body. We will continue to analyze our data to ensure that we are serving students from these populations as effectively as all other students and keeping them in our schools in the same numbers.</p>	<p>We will continue the efforts described at left in 2022-23 to ensure that high numbers of economically disadvantaged students are given the supports they need to persist in the School.</p>

## Entry 10 - Teacher and Administrator Attrition

Completed - Jul 28 2022

### Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

## **A. TEACH System - Employee Clearance**

Charter schools must ensure that all prospective employees<sup>[1]</sup> receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

<sup>[1]</sup> Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at [http://www.nysed.gov/common/nysed/files/programs/charter-schools/employee\\_fingerprintoct19.pdf](http://www.nysed.gov/common/nysed/files/programs/charter-schools/employee_fingerprintoct19.pdf) or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospa/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

---

## **B. Emergency Conditional Clearances**

### **Emergency Conditional Clearances**

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

---

### **Attestation**

#### **Responses Selected:**

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

## **Entry 13 School Calendar**

**Completed** - Jul 28 2022

[Instructions for submitting School Calendar](#)

### **Required of ALL Charter Schools**

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2022 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2022**.

School calendars must meet the [minimum instructional requirements](#) as required of other public schools *"... unless the school's charter requires more instructional time than is required under the regulations."*

Board of Regents-authorized charter schools also are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month. See an example of a calendar showing the requested information. Schools are encouraged to use a calendar template and ensure there is a monthly tally of instructional days.

**PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes**

only.

**INDEPENDENT AUDITOR'S REPORT**

Board of Trustees  
Uncommon New York City Charter Schools

**Report on the Financial Statements**

We have audited the accompanying financial statements of Uncommon New York City Charter Schools which comprise the statement of financial position as of June 30, 2021, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Uncommon New York City Charter Schools as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Information**

We have previously audited Uncommon New York City Charter Schools' June 30, 2020 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated October 29, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the financial statements from which it has been derived.

(With Comparative Totals for 2020)

### NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### The Charter School

Uncommon New York City Charter Schools (the “Charter School”), is an educational corporation operating as a group of charter schools in the borough of Brooklyn, New York City. The Charter School’s mission is to ensure academic success for children in grades K through 12. The Charter School prepares students to excel in demanding high schools and colleges and to contribute to their communities as leaders. Through educational success, students earn opportunities in life for themselves and their communities.

#### Financial Statement presentation

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. There were no net assets with donor restrictions at June 30, 2021 and 2020.

*Net Assets Without Donor Restrictions* – The net assets over which the Governing Board has discretionary control to use in carrying on the Charter School’s operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

#### Revenue recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

The following table summarizes contract balances at their respective statement of financial position dates:

	June 30,		
	2021	2020	2019
Accounts receivable	\$ 7,449	\$ 1,763,857	\$ 80,039

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Contributions received are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at financial institutions located in New York and are insured by the Federal Deposits Insurance Corporation up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

##### Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position. There were no amounts reported as deferred revenue at June 30, 2021. Amount reported as deferred revenue at June 30, 2020 amounted to \$63,697. The Organization received cost-reimbursement grants of approximately \$122,000 and \$84,000 that have not been recognized at June 30, 2021 and 2020, respectively, because qualifying expenditures have not yet been incurred.

##### Investments

Investments are maintained in accordance with the Charter School's Cash Management and Investment Policy. The goals of this policy are the preservation of principal, the maintenance of liquidity, and to obtain a competitive return on investment subject to prevailing market conditions and safe and sound investment practices. The policy was adopted by the Board in March 2019 and, as of June 30, 2021 and 2020, all funds are held in a money market fund. As the policy is put into place, the funds will be separated into the following three portfolios:

- The operating portfolio will be invested in short-term instruments to fund the daily operating needs of the Charter School and fund any capital outlays anticipated in the next 2 months. This portfolio will consist of no less than two months' worth of operating expenses and shall be continuously invested in readily available funds such as money market funds or bank deposits.
- The reserve portfolio, if sufficient funds are available, will be invested in short-term instruments to fund daily operating needs and capital outlays within the next twelve months. Assets within this portfolio will be permitted to have investments maturing in one year or less.
- The strategic portfolio, if sufficient funds are available, will be invested to fund operating needs anticipated over the next three years. This portfolio allows for investments with stated maturities of up to three years from the purchase date. Maturities are to be laddered to ensure flexibility of and access to funds in this portfolio.

##### Grants and other receivables and accounts receivable

Grants and other receivables and accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2021 or 2020.

Property and equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

Cash in escrow

Cash is held by the Charter School as an escrow account in accordance with the terms of their charter agreement. The amount in escrow as of June 30, 2021 and 2020 was \$383,524 and \$383,364, respectively. The escrow account is restricted to fund legal and other costs should the Charter School cease operations and dissolve.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2018 through June 30, 2021 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain income tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the board of trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed.

In-kind Contributions

Gifts and donations other than cash are recorded at fair value at the date of contribution. The Charter School received in-kind contributions of textbooks in the years ended June 30, 2021 and 2020 totaling \$569,695 and \$568,929, respectively. Such in-kind contributions are included in miscellaneous income on the accompanying statement of activities and changes in net assets for both years ended June 30, 2021 and 2020.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

##### Functional allocation of expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

##### New accounting pronouncements

###### Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

###### Gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Charter School is currently evaluating the provisions of this update to determine the impact it will have on the Charter School's financial statements.

##### Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 28, 2021 which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE B: COMMITMENTS AND RELATED PARTY TRANSACTIONS

Uncommon Schools, Inc. (“USI”), a not-for-profit organization dedicated to helping start and run charter schools, provides management and other administrative support services to the Charter School. In July 2019, the Charter School entered into a new five-year agreement with USI terminating on June 30, 2024. Under this agreement the Charter School pays USI a service fee which is calculated as 13.5% of the sum of recurring public revenue less facilities expenses. Recurring public revenue is defined as annual public entitlement aid including core and tuition which includes general, SPED and State special funding and all ESSA funding which includes Title I, Title IIA, IID, III, IV, V and IDEA funding. Facilities expense includes building expenses (leases, taxes), utilities, maintenance and furniture and fixtures, and excludes building related expenditures which are capitalized and amortized/depreciated. The fee incurred for the years ended June 30, 2021 and 2020 was approximately \$21,002,800 and \$20,073,600. Included in accounts payable and accrued expenses at June 30, 2021 and 2020 was approximately \$4,106,000 and \$3,404,000, respectively, related to this fee and other expenses incurred by USI on behalf of the Charter School, due to USI.

USI applied for and was awarded a multi-year grant from the Department of Education for the replication and expansion of high-quality charter schools. USI passed through funding of \$181,338 and \$404,247 related to this federal program to the Charter School during the years ended June 30, 2021 and 2020, respectively. There were no amounts related to this included in accounts receivable at June 30, 2021. Included in accounts receivable at June 30, 2020 was approximately \$404,000, which represented reimbursable expenditures incurred by the Charter School for which they have yet to receive payment. USI also applied for and was awarded a multi-year grant from a foundation for the growth of high schools and music programs. USI passed through funding of approximately \$999,000 and \$1,020,000 related to this grant program during the years ended June 30, 2021 and 2020, respectively, which \$27,000 and \$53,000 was included in receivables from USI at June 2021 and 2020, respectively.

In November 2013, a wholly-owned subsidiary of USI was created, Uncommon Crown Heights, LLC (“Crown Heights”), to manage a high school facility shared between an unrelated charter school and the Charter School. All schools located in the shared high school entered into an administrative costs management agreement and advanced Crown Heights funds to operate the location. The Schools will be charged an annual service fee of 0.5% of the combined facility budget by Crown Heights. The Charter School was charged approximately \$5,300 and \$4,800 related to this fee for the years ended June 30, 2021 and 2020, respectively. Actual expenses are tracked and allocated to each party based on metrics developed by management. Depending on the actual expenses incurred, a prepaid balance or payable could exist at any given time. At June 30, 2021 and 2020 approximately \$70,000 and \$71,000, respectively, were included in accounts receivable related to Crown Heights.

NOTE C: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service, as well as the conduct of services undertaken to support those activities, to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal years 2021 and 2020.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	<u>June 30,</u>	
	<u>2021</u>	<u>2020</u>
Cash	\$ 1,962,553	\$ 5,112,045

NOTE D: SCHOOL FACILITIES

The Charter School is located in various New York City Department of Education (“NYCDOE”) facilities. The Charter School occupies approximately 479,500 square feet of space within these facilities. During the year ended June 30, 2021 the Charter School paid approximately \$3,000 to the NYCDOE for additional after-school and weekend usage. The Charter School did not pay any fee to the NYCDOE for additional after-school and weekend usage for the year ended June 30, 2020. At June 30, 2021 and 2020, the Board of Trustees has designated \$47,059,000 and \$7,059,000, respectively, as a stability fund to meet future needs of the Charter School.

In June 2019, the Board approved approximately \$4,200,000 to be paid to NYCDOE on behalf of Excellence Academies Foundation, Inc. in October of 2019, for the extension of a lease to June 2105. The Charter School prepaid the entirety of the future lease payments in October 2019. Approximately \$49,000 and \$37,000 is included in building rent expense for the years ended June 30, 2021 and 2020, respectively, and the remaining amount is included in prepaid expenses as of June 30, 2021 and 2020.

Effective July 1, 2020, the Board approved \$1,200,000 to be paid to NYCDOE on behalf of Excellence Academies Foundation, Inc. for a lease agreement effective July 1, 2020 through June 30, 2119. The Charter School prepaid the entirety of the future lease payments in August 2020. Approximately \$12,000 is included in building rent expense for the year ended June 30, 2021 and the remaining amount is included in prepaid expenses as of June 30, 2021.

The above amounts will be expensed as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2022	\$ 61,195
2023	61,195
2024	61,195
2025	61,195
2026	61,195
Thereafter	<u>5,004,074</u>
	<u>\$ 5,310,049</u>

The Charter School’s high school occupies space with a related charter school per a verbal agreement with a third party at no charge. At June 30, 2021 and 2020, the Charter School paid certain utility and maintenance services on a square footage basis amounting to approximately \$1,150,000 and \$815,000, respectively.

NOTE E: FAIR VALUE MEASUREMENTS

Accounting principles establishes a frame work for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2021 and 2020.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021

(With Comparative Totals for 2020)

### NOTE H: RETIREMENT PLAN

The Charter School participates in a defined contribution 403(b) plan covering most employees through a USI plan. For employees who have less than 2 years of service, the Charter School matches employees' contributions up to the lesser of 3% of gross payroll or \$3,500. For employees who have 2 to 3 years of service, the Charter School will match up to the lesser of 4% of gross payroll or \$4,000. For employees who have 4 years of service or more, the Charter School will match up to the lesser of 5% of gross payroll or \$5,000. The Charter School's total contribution to the Plan for the years ended June 30, 2021 and 2020 approximated \$1,110,000 and \$1,057,000, respectively.

### NOTE I: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

### NOTE J: CONCENTRATIONS

At June 30, 2021 and 2020, approximately 93% and 88%, respectively, of total grants and accounts receivables are due from New York State.

During the years ended June 30, 2021 and 2020, approximately 94% and 96%, respectively, of total revenue, gains and other support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School is located.

### NOTE K: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Charter School has recognized approximately \$2,872,000 of revenue relative to ESSER grants during the year ended June 30, 2021.

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees  
Uncommon New York City Charter Schools

We have audited the financial statements of Uncommon New York City Charter Schools as of and for the year ended June 30, 2021, and we have issued our report thereon dated October 28, 2021, which expressed an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The 2021 financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2021, as a whole.
