Jamie Marrier has served as the Principal of the Elementary Academy since 2021.

Scott Schuster has served as the Principal of the Middle Academy since 2008.

Sean Gavin has served as the Principal of the High School since 2017.

Ashley Russell has served as Director of Operations of the Elementary Academy since 2023.

Rachel Burks has served as Director of Operations of the Middle Academy since 2023.

Patrick MacKenzie has served as Director of Operations of the High School since 2020.

SCHOOL OVERVIEW

Kings Collegiate Charter School is a rigorous, college prep public school whose mission is to prepare all students to enter and succeed in college through effort, achievement, and the content of their character. In pursuit of its mission, the school successfully completed its 16th year of operation in June 2023. Kings Collegiate Charter School is organized into two academies: the Elementary Academy, serving students in grades K-4 and the Middle Academy, which serves students in grades 5-8. Uncommon Leadership Charter High School opened in 2017 and served 9th grade, adding a grade each year. At Uncommon Leadership Charter High School, we prepare our students to enter, succeed in, and graduate from college by equipping them with extraordinary academic skills, a life-long passion for learning, and the values that define strong character.

Kings Collegiate Charter School design includes seven core components.

Focus on Literacy. Many of our students begin their school career reading substantially below grade level. If a school does not address this dramatic and central issue immediately, students will be at a huge disadvantage in all subjects in high school and college. The ultimate academic success of Kings Collegiate Charter School students, therefore, is tied to mastering this fundamental skill. In 2022-23, Kings Collegiate Charter School provided explicit instruction in literacy skills and inculcated the reading habit respective to grade span.

Grades K-4

- Scholars have nearly three hours of daily reading instruction, which includes a systematic decoding program (Reading Mastery), a teacher-designed reading comprehension curriculum, the use of the STEP Assessment, and daily read alouds.
- All classrooms are staffed with two teachers to ensure that the student-to-teacher ratio never exceeds 15:1.
- Students are expected to read for at least 15-20 minutes at home each night in Kindergarten and 1st grade, and for at least 30 minutes each night starting in 2nd grade.
- Students write in every class and use the Writer's Workshop method to cultivate creativity and voice.

Grades 5-8

- Scholars have two and a half hours of daily reading instruction.
- Scholars are required to read reading level-appropriate books during the summer.
- There is required, graded, written work in every class.
- Scholars are required to carry an independent reading book, checked out from our library, to make better use of transition time in the hallways and other periods of downtime throughout the school day.

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

- STAR tested every student 3 times during the year to monitor progress and ensure that students were being challenged by independent reading books on their reading level

In the elementary and middle academies alike, K-8 families and scholars are expected to read together for 20 minutes each night as well.

Grades 9-12

- Scholars have two and a half hours of daily reading instruction.
- The curricula address five components of early literacy: phonemic awareness, phonics, vocabulary, fluency, and comprehension.
- The foundation of our reading curriculum lies in four complementary, research-based programs – Direct Instruction (Reading Mastery); Riverdeep Destination Reading Program (computer program); reading comprehension instruction based on the lesson plans of other Uncommon Schools teachers; guided reading instruction based on the STEP assessment, and explicit vocabulary instruction through Text Talk (designed by noted vocabulary expert Isabel Beck). We incorporate these five components of early literacy to provide a rigorous reading education.

Target Curriculum Focused on Basic Skills. Kings Collegiate Charter School does not use an off-the-shelf curriculum. Rather, Kings Collegiate Charter School uses curriculum developed by our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP). Our CAT and LLP develop curriculum directly from the New York State Learning Standards that ensures students master a core set of basic academic skills before they can master higher-level, abstract material.

Our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP) pay particularly close attention to the topics, sequence, and performance standards outlined in the New York State standards. This ensures that students are mastering the same material as their peers throughout New York State.

At the same time, both teams adapt the subject topics and performance standards according to their professional expertise and from data-driven feedback from our teachers. CAT and our LLP create a comprehensive curriculum for their subject, saved on our network's shared drive, with a year-long scope and sequence, individual unit plans, daily lesson plans, and assessment materials. Kings Collegiate Charter School teachers will then save their lessons to our school's shared drive with any edits they have adapted for their classroom. Not only does this provide the school with a record of individual course instruction but this also serves as a valuable curricular planning resource for returning and future teachers.

Assess Early and Often to Drive the Instructional Program. The most effective schools use assessment to diagnose student needs, measure instructional impact, and build a culture of continuous reflection

and improvement. Prior to the scheduled New York State Social Studies, Mathematics, English Language Arts, and Science exams, Kings Collegiate Charter School administered two internally aligned Interim Assessments (3 in ELA, 4 in Math). In the 9-11 Grades, students take quarterly interim assessments in all core subjects, four SAT Diagnostics annually, and the PSAT. These tests assessed ongoing student mastery of Math, Reading/Writing, Science and History skills and standards throughout the year and provided immediate data on individual student and class growth. These assessments were also administered during the COVID-19 closure, virtually. Kings Collegiate Charter School teachers, with the support of the Principal, used this data to identify standards mastered and standards in need of re-teaching so that lesson plans could be continuously adjusted. Kings Collegiate Charter School also utilized the information to target content and skills-driven tutoring and small-group instruction.

Our CAT team also began the use of weekly data collection through small assessments in both ELA and math. The data from these assessments was used by CAT and our LLPs to address gaps in content or skill that they could see trend across our schools.

Make More Time. In order to provide students with a comprehensive, college preparatory education, Kings Collegiate Charter School has an extended school day and school year. For most students, the regular school day began at 7:15 A.M. and ended at 4:00 P.M. Kings Collegiate Charter School provides its students with every possible opportunity to learn.

Kings Collegiate Charter School students extend their learning beyond the school day completing, on average, one-and-a-half to two hours of homework every night. Each student, beginning in kindergarten, takes home at least 20 minutes of homework, every evening – including weekends and holidays. Parents/guardians review and sign each evening's assignment upon completion. Families and scholars are expected to read together for 20 minutes each night as well.

Emphasis on College. For too many at-risk students, college only exists in the abstract. For Kings Collegiate Charter School students, freshman year of college will be a natural extension of their educational experience at Kings Collegiate Charter School.

Kings Collegiate Charter School students began talking about college on the first day of school as their advisories are named after the alma maters of their teachers. Through informal conversations in advisory and in classes, students learned about the college application process, financial aid, dorm-life, selecting a major, and other important aspects of college survival.

Provide Structure and Order. Students need a safe and orderly environment to be productive. In 2022-23, Kings Collegiate Charter School created a calm, composed, and disciplined environment to maximize the amount of time on-task.

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Insist on Family Involvement. Kings Collegiate Charter School’s educational program is structured so that families must be involved in their child’s academic pursuits. In 2022-23, Kings Collegiate Charter School families:

- had virtual report card conferences due to COVID-19 health and safety protocols;
- met with teachers and staff on multiple occasions to formally and informally discuss their child’s academic and behavioral performance;
- maintained an open line of communication with their child’s teachers through in-person meetings, weekly dashboards, semi-monthly progress reports, advisory calls and e-mails;
- were asked to offer input on the school on mid-year and year-end surveys, grading the school;
- were invited to multiple virtual social events with scholars, teachers and families focused on strengthening the involvement of parents in the school community

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2019 state Accountability Cohort consists of students who entered the 9th grade anywhere sometime during the 2019-20 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2022-23 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9th grade anywhere. The 2019 Total Cohort consists of all students, based on last enrollment record as of June 30, 2023, with a First Date of Entry into Grade 9 during the 2019-20 school year, regardless of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

PROMOTION POLICY

Students who receive a final failing grade (below a 70) for a class do not receive credit for the class. The final grade is based on individual quarter grades and a comprehensive subject-area test.

In subjects that earn 2.0 credits per year (English, Math, Science and History), a student who fails will be required to take an additional class to recover the lost credits. There are two ways this occurs, depending on how many classes a student is failing that academic year. If students fail one class, the student can recover credit by taking an intensive summer school class in this subject at his/her expense and/or at the school if offered. To recover credit, the class must be approved by the school. If a student fails two or more classes, that student is required to repeat the grade.

In subjects that require less than four years of credits (Foreign Language, Physical Education, Health and Electives), a student must make up the class in a subsequent school year after the school day, during the summer or another time the school deems appropriate (at his/her expense).

Seniors who fail a class but need the credit to graduate must take an intensive summer school class.

Given that Kings Collegiate Charter School has provided tiers of student support throughout the school year – among which are Weekly Progress Reports, Office Hours, and Weekly Check-in Meetings with their Advisor – summer coursework for all subjects is the responsibility of the family, both financially and logistically.

HS students who do not pass end of year exams, will attend remote summer school to remediate content in those courses.

GOAL 1: HIGH SCHOOL GRADUATION

GOAL 1: HIGH SCHOOL GRADUATION

Uncommon New York City high school students will be on track to graduate from high school.

Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

Percent of Students in First and Second Year Cohorts
Earning the Required Number of Credits in 2022-23

Cohort Designation	Number in Cohort during 2022-23	Percent promoted
2021	142	85%
2022	119	92%

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Graduation Goal Measure 2 - Leading Indicator

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 for the most recent second year cohort schools should report the percentage of students who either passed or were exempted from at least three exams. In August of 2023, the 2021 Cohort will have completed its second year.

Percent of Students in their Second Year Passing Three Regents Exams by Cohort

Cohort Designation	School Year	Number in Cohort	Percent Passing at Least Three Regents (including exemptions)
2019	2020-21	119	91%
2020	2021-22	123	94%
2021	2022-23	142	56%

Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

The school's graduation requirements appear in this document above the graduation goal.

Percent of Students in the Total Graduation Cohort who have Graduated After Four Years¹

Graduation Goal Measure 5 - Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to the District²

NOTE: Graduation data for the 2019 cohort has not been released by the district yet.

Cohort Designation	School Year	Charter School			School District

2018	2021-22	87	79	91%	70,912	81%
2019	2022-23	95	85	90%		

Graduation Goal Measure 6 - Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

Percentage of the 2019 Graduation Cohort Pathway Students Demonstrating Success by Exam Type³

At this time, Kings Collegiate Charter School did not have 2019 cohort students in an alternative graduation pathway program.

Pathway Exam Passing Rate by Fourth Year Accountability Cohort

At this time, Kings Collegiate Charter School did not have 2019 cohort students in an alternative graduation pathway program.

² Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2021-22 results as a temporary placeholder for the district's 2022-23 results.

³ As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

SUMMARY OF THE HIGH SCHOOL GRADUATION GOAL

Kings Collegiate Charter School achieved most of its High School graduation goals. Kings Collegiate Charter School is actively working with staff and students to attain all goals in this Accountability Plan.

EVALUATION OF THE GRADUATION GOAL

As of the 2022-23 school year, our 2021 and 2022 cohorts are meeting the measure of at least 75% of students earning enough credits to receive a grade level promotion. In Kings Collegiate Charter School, over 90% of students in these cohorts were promoted.

Our 2021 cohort is not meeting the measure of at least 75% of students passing or being exempted from at least three different New York State Regents Exams required for graduation. We are working with students and staff to increase this measure for the 2023-24 school year, in addition to exploring the option of granting NYSED Special Appeals for these students.

Looking towards future data, we expect to continue meeting this goal. Most of our students take and pass two Regents exams in the 8th grade (Living Environment and Algebra I). Those who do not pass those exams, will be required to re-take the exam a second time in their 9th grade year. When students are enrolled in 9th grade, all students take the ELA Regents Exam, and about 50% take the Geometry Regents Exam. By prioritizing Regents exams in the 8th and 9th grades, we are able to ensure that at

least 75% of students meet and exceed our goal of 3 passing Regents exams by the end of the 10th grade.

In terms of students graduating in their fourth year of high school, we continue to see success at Kings Collegiate Charter School. The vast majority of students are able to achieve this measure, and virtually all of our students graduate in their fifth year of high school. These strong data points, combined with our continued focus on student support and achievement, continue to exceed the graduation percentage of the district of comparison (NYCDOE).

ADDITIONAL CONTEXT AND EVIDENCE

ACTION PLAN

Kings Collegiate Charter School will continue to use an academic model that is largely similar to that of grades K-8, utilizing practices and approaches that have proven effective in producing significant academic gains at the highest-performing urban public schools in the country. Specifically, the high school will continue to focus around:

- A College Preparatory Mission
- High Standards for Academics and Character
- A Highly Structured Remote and Hybrid Learning Environment
- A Focus on Accountability and Data-Driven Instruction
- A Faculty of Committed and Talented Leaders and Teachers

The school has developed a rigorous high school curriculum based on the New York State Learning Standards with a special emphasis on preparing students for admission into and success in college. The school is structured so that students will meet the criteria for a Regents or Advanced Regents degree and will be accepted to at least one 4-year college.

- Quarterly Exams will continue to serve as a critical driver of classroom instruction and lesson planning for grades 9-12. The results will provide teachers with ongoing feedback on students' progress in meeting state standards so they know, at any moment, which students have mastered which skills and which students have not. Armed with this information, teachers will be better prepared to target instruction and make significant content adjustments throughout the year, without waiting for an end-of-year assessment that shows a student in need.
- The school will continue to administer Interim Assessments/Quarterly Exams on a quarterly basis in all five major subjects.
- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom (remote and in person) instruction and provide feedback on instruction. The school's leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers.
- The school's leadership team will continue to review the effectiveness of the school's curriculum and making necessary revisions to increase student achievement.

GOAL 2: COLLEGE PREPARATION

GOAL 2: COLLEGE PREPARATION

Students will be prepared to succeed in college.

College Preparation Goal Measure 1 - Absolute

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement (“AP”) exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate (“IB”) exam;
- Passing a College Level Examination Program (“CLEP”) exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

Percentage of the 2019 Total Cohort Graduates Demonstrating College Preparation by Indicator⁴

Indicator	Number of Graduates who Attempted the Indicator	Number who Achieved Indicator	Percentage of Graduates who Achieved Indicator
Passing an Advanced Placement (“AP”) exam with a score of 3 or higher	85	29	34%
Achieving the college and career readiness benchmark on the SAT	85	26	31%
Overall	85	36	42%

⁴ Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

College Preparation Goal Measure 2 - Absolute

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

College Preparation Goal Measure 3 - Comparative

Each year, the school’s CCCRI for the Total Cohort will exceed that of the district of comparison’s Total Cohort.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

College Preparation Goal Measure 4 - Absolute

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

Matriculation Rate of Graduates by Year⁵

Cohort	Graduation Year	Number of Graduates (a)	Number Enrolled in 2 or 4-year Program in Following Year (b)	Matriculation Rate =[(b)/(a)]*100

⁵ Schools should update and confirm data for Cohorts prior to 2022-23 and provide preliminary matriculation data for 2019 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year

EVALUATION OF THE COLLEGE PREPARATION GOAL

As of the 2022-23 school year, our 2019 cohort is meeting the measure of at least 75% of students matriculating into a college or university in the year after graduation. In Kings Collegiate Charter School, over 95% of students in this cohort went on to college.

Our 2019 cohort is not meeting the measure of at least 75% of students demonstrating their preparation for college by one or more possible indicators of college readiness. We are working with students and staff to increase this measure for the 2023-24 school year.

GOAL 3: ENGLISH LANGUAGE ARTS

GOAL 3: ENGLISH LANGUAGE ARTS

All students will become proficient in the reading and writing of the English language.

BACKGROUND

Kings Collegiate Charter School's curriculum is developed with the goal of maximizing student academic achievement through intentional standards-driven teaching and the systematic use of objective performance data to continually inform decision making. To this end, Kings Collegiate Charter School created a scope and sequence for reading and writing and divided the year into units, each culminating in a formal assessment. The school continues to refine its scopes, sequences, and assessments in alignment with Common Core Learning Standards each school year based on student assessment data.

Kings Collegiate Charter School's ELA program emphasizes both strong reading and strong writing. In reading, the program emphasizes four key aspects of literacy: decoding, fluency, vocabulary, and comprehension. In the elementary school grades (K-4) there are three 50-minute long literacy blocks each day and students are broken up into groups based on STEP (Strategic Teaching and Evaluation of Progress) levels. In the literacy blocks, students focus on reading mastery, guided reading, and reading comprehension. Students spend 45 minutes writing daily, in addition to the three literacy blocks.

In the middle grades (5-8) rather than separating reading and writing, students have a 2-hour English class. This aligns more closely to the Common Core Learning Standards, whereby students' written work must be based on a text they have read.

Every year the school provides teachers with an intensive training program whereby we instruct teaching, student behavior management techniques, and strategies to employ in the classrooms and throughout the school. We achieve and maintain complete consistency in messaging, expectations, and responses to student behavior and academic standards throughout the school. Additionally, all staff meet one day each week to review the past week's progress and to finalize preparations for the coming

ELA Measure 2 - Absolute

Each year, the school’s aggregate Performance Index (“PI”) on the State English language arts exam will meet that year’s state Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁷

⁶ Students are considered “enrolled in at least their second year” if they were enrolled on BEDS day of the school year prior to the most recent exam administration.

⁷ Schools can access these data when the NYSED releases its database containing grade level ELA and mathematics results for all schools and districts statewide. The NYSED announces the releases of these data [here](#).

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.⁸

⁸ These data can be found in the school's Accountability Summary provided by the Institute in spring 2023.

ELA Measure 5 - Growth

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state’s release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

ELA INTERNAL EXAM RESULTS

During 2022-23, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: **Internally developed**

Based on data from the Interim Assessments administered in 2022-2023, we are making progress towards our goals. We will continue to work towards a higher percentage of students meeting this metric for School Year 2023-2024. Students in Grades 3-4 took 2 interim assessments and students in Grades 5-8 took 3 interim assessments during the 2022-2023 school year. The chart below represents the percentage of students who are advanced or proficient on their interim assessments. These numbers are consistent with those assessments that were completed during the 19-20 school year, where they attended more in-person learning.

EVALUATION OF ELA GOAL

Kings Collegiate Charter School fell short of the ELA state test goal for the 2022-23 school year. We believe this is due in large part to COVID learning loss and are focusing our efforts on training staff to improve these metrics for the 2023-24 school year through a variety of different professional development opportunities. See the action plan below for additional information.

Kings Collegiate Charter School achieved the performance proficiency when compared to the school district of comparison as well as the ELA economically disadvantaged goal. We continue to perform above the public school district level of proficiency and always push our students to increase their ELA aptitude despite their economic conditions.

ADDITIONAL CONTEXT AND EVIDENCE

ELA ACTION PLAN

Kings Collegiate Charter School is continuing to improve ELA performance for its students. Our action steps relate to Remediation and Observation & Feedback.

Remediation: We will continue to have a tutoring block in the students’ schedule. Daily, teachers will pull out a small group of their students for tutoring, using data from previous year’s NYS ELA exam (as available), internal interim assessments, and daily classroom assessments (called “Exit Tickets”).

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Observation & Feedback: ELA teachers will continue to receive increased feedback around their action plans and student performance throughout the year. The leadership team has intentionally planned out observations and feedback sessions so master teachers can effectively and consistently give more feedback on new teachers' teaching methods and strategies.

HIGH SCHOOL ELA

High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.⁹

2018	2021-22	87	11	38	50%
2019	2022-23	95	91	0	0%

⁹ Cohort Regents attainment in all subjects is based on students' highest score regardless of the number of times a student sat for the exam.

¹⁰ Due to the state's cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students in the 2017, 2018, and 2019 Cohorts who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

High School ELA Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

EVALUATION OF HIGH SCHOOL ELA GOAL

The 2019 cohort of Kings Collegiate Charter School were scheduled to take their ELA Regents exams during the COVID pandemic. Due to the cancellation of the Regents exams for this year, nearly all students received an exemption and as such, were not included in the data used to measure these goals. By virtue of receiving this exemption, however, we can confirm that these students passed their corresponding ELA courses at the school, indicating success in this goal.

ADDITIONAL CONTEXT AND EVIDENCE

ACTION PLAN

- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom in-person instruction and provide feedback on instruction.
- The school’s leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and individual teachers. A special emphasis will be placed on PDs to close the learning gap the COVID-19 pandemic has created.
- The school’s leadership team will continue to review the effectiveness of the school’s curriculum and make necessary revisions to increase student achievement.
- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- The school will continue to offer Regents/AP/SAT preparation beginning in the 9th grade and continuing through all four grades and will make pivots throughout the year based on COVID-19 updates.
- The school will continue to provide professional development before the school year, during the school year, and following the school year, during which teachers can review and discuss results. A special emphasis will be placed on PDs to close the learning gap the COVID-19 pandemic has created.
- High school students will attend school in person 5 days per week.

GOAL 4: MATHEMATICS

GOAL 4:

Students will demonstrate competency in the understanding and application of mathematical computation and problem solving.

BACKGROUND

We believe our students should be able to compute numbers quickly and accurately, apply appropriate math procedures in single- and multi-step problems, and speak and write fluently and clearly about math problem solving and procedures, using accurate mathematical vocabulary. For this reason, our students take at least 90 minutes of math per day, during which students review concepts for procedural fluency, explore conceptual understanding of old and new content through guided instruction and partner work, and engage in rigorous problem solving requiring the application of skills and the extension of learned content. Basically, we double the time dedicated to math instruction each day to ensure that students can compute and problem solve.

ADDITIONAL CONTEXT AND EVIDENCE

MATHEMATICS ACTION PLAN

Over the course of the past school year, Uncommon Schools has made continuous changes to its program in order to ensure that the curriculum, schedule, and instruction best support student learning in math, while accommodating and shifting to Remote Learning. Changes include: revising math lessons so that student activities more closely align to the objective; revising scope and sequences to ensure that math meetings in grades K-3 and fact practices in grades 5-7 are focused solely on reviewing difficult-to-master material throughout the school year; revising quarterly Interim Assessments to ensure that each NYS Learning Standard is taught, assessed and ultimately mastered; and, finally, prioritizing differentiated teacher development.

As mentioned before, we continue to strive for our students to get individualized feedback in both Math and ELA. We know with real-time feedback and continued independent practice, students will be able to refine their skills in both Math and ELA. As a network, we plan to continue to implement a small group instruction into the day in the 2022-23 school year. In small group instruction, students and staff emphasize the importance of preparation and practice with alternating blocks of ELA & Math Monday – Thursday, giving real-time feedback to students on their work throughout the block. Our Curriculum Assessment Team collect this data and work with our principals and Assistant Superintendents to implement data-driven worksheets based on where our students needed the most practice.

We will continue to make these changes, revising scope and sequences as well as provide real-time feedback in-person as we continue in-person learning during the 2022-2023 school year. We feel that our students will continue to benefit from in-person learning and resuming the small group instruction for our students.

HIGH SCHOOL MATHEMATICS

High School Math Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on a Regents exam in mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

2019	2022-23	95	53	39	93%

High School Math Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on a Regents Exam in mathematics. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

High School Math Measure 3 - Absolute

Each year, the Performance Index (“PI”) on the Regents mathematics exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

The Institute does not require charters to report on this measure for 2022-23

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

High School Math Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

The Institute does not require charters to report on this measure for 2022-23

High School Math Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on a Regents mathematics exam will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

The Institute does not require charters to report on this measure for 2022-23

High School Math Measure 6 - Comparative

Each year, the Performance Index (“PI”) in Regents mathematics of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

The Institute does not require charters to report on this measure for 2022-23

High School Math Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade mathematics exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on a Regents mathematics exam) by the completion of their fourth year in the cohort.

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to meet the mathematics requirement for the college and career readiness standard.

Percent Achieving at Least Performance Level 4 on a Mathematics Regents Exam among Students Who Were Not Proficient in the 8th Grade by Fourth Year Accountability Cohort

All students take the Regents Algebra 1 assessment instead of the New York State 8th grade mathematics exam. Because of this, there is no data to report for this metric.

EVALUATION OF THE HIGH SCHOOL MATHEMATICS GOAL

Kings Collegiate Charter School continues to provide students with rigorous math instruction, ensuring high performance on state exams. Focusing on the fundamentals of math, students build a scaffolding for mastery of future math skills as they move upward in their educational path. We continue to expect this success in future years as we work toward ensuring that 100% of students are proficient in math.

ADDITIONAL CONTEXT AND EVIDENCE

ACTION PLAN

- The high school instructional leadership team will continue to review teacher lesson plans, observe classroom in-person instruction and provide feedback on instruction.
- The school’s leadership team will be responsible for identifying areas for growth and providing an extensive professional development program that meets the needs of both the school and

individual teachers. A special emphasis will be placed on closing the learning gap from over the past year.

- The school's leadership team will continue to review the effectiveness of the school's curriculum and make necessary revisions to increase student achievement.
- School leaders will continue to work with master teachers at the school to research and develop curriculum modifications that will ensure increased levels of student achievement and will continuously monitor the effectiveness of those modifications.
- The school will continue to offer Regents/AP/SAT preparation beginning in the 9th grade and continuing through all four grades and will make pivots throughout the year based on COVID-19 updates.
- The school will continue to provide professional development before the school year, during the school year, and following the school year, during which teachers can review and discuss results. A special emphasis will be placed on closing the learning gap from over the past year.
- High school students will attend school in person at least 5 days per week.

GOAL 5: SCIENCE

GOAL 5:

Students will demonstrate proficiency in the understanding and application of scientific principles.

BACKGROUND

The science curriculum at Kings Collegiate Charter School has been designed to provide a solid foundation for students in the essential understandings of elementary and middle science as outlined in the New York State standards.

Kings Collegiate Charter School continues to partner with Uncommon Schools to procure externally-developed, Common Core-aligned curriculum and assessments, which are based on the successful outcomes of the highest performing schools in the network.

Science instruction consistently reinforced both math and reading skills, and our science teachers frequently worked closely with both our Math and English Language Arts teachers to ensure that common approaches and language were used to reinforce cross-curricular content. For example, during the Scientific Method and Measurement unit, students worked with units of measurement, tools of measurement, and conversions between units of measure, reinforcing important math skills.

In terms of supporting literacy, professional development time is dedicated to determining how to best expose students to nonfiction texts during science class each week and how to encourage them to access and use scientific texts for their own learning and study. This exposure to nonfiction provided an important opportunity for students to practice and continue to develop their reading comprehension and vocabulary skills.

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Kings Collegiate Charter School students continue to incorporate Science instruction into Reading and Math instruction which consists of students watching a video and completing a task 2 days a week and completing passage practice or problem-solving tasks 3 days a week. Teachers assigned Science based books through the EPIC! website that aligned to the Science materials that were presented in the videos and packets.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 4th and 8th grade in spring 2023. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2022-23 State Science Exam By Students Enrolled in At Least Their Second Year

Per NYSED: In Spring 2023, there will not be an administration of the Grade 4 Science Test. This is to support the transition to the new Grade 5 Elementary-level Science Test measuring the new NYS P-12 Science Learning Standards, which commences in Spring 2024.

8th grade students take the Living Environment Regents exam in lieu of the state test.

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

ACTION PLAN

Kings Collegiate Charter School will continue to employ our internally created science programs and extensive hands-on experiments to move students towards competency in the understanding and application of Science.

Kings Collegiate Charter School remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Science.

HIGH SCHOOL SCIENCE

High School Science Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry, and Physics. The school administered Living Environment. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort.

ADDITIONAL CONTEXT AND EVIDENCE

ACTION PLAN

In 2022-23, similar to our K-8 schools, Uncommon Leadership Charter High School will continue to employ our internally created science programs and extensive hands-on experiments to move students towards competency in the understanding and application of Science.

Uncommon Leadership Charter High School remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Science.

GOAL 6: SOCIAL STUDIES

GOAL 6:

Students will demonstrate proficiency in the understanding and application of principles related to social sciences.

BACKGROUND

Social Studies Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

Social Studies Measure 3 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

Social Studies Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort passing the Regents Global History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

The Institute does not require charters to report on this measure for 2022-23.

SUMMARY OF THE SOCIAL STUDIES GOAL

Kings Collegiate Charter School did not achieve any of these goals due to the large number of exemptions granted to the 2019 cohort.

EVALUATION OF THE SOCIAL STUDIES GOAL

The 2019 cohort of Kings Collegiate Charter School were scheduled to take their U.S History Regents exams during the COVID pandemic. Due to the cancellation of the Regents exams for this year, nearly all students received an exemption and as such, were not included in the data used to measure these goals. By virtue of receiving this exemption, however, we can confirm that these students passed their corresponding U.S History courses at the school, indicating success in this goal.

ADDITIONAL CONTEXT AND EVIDENCE

ACTION PLAN

In 2022-23, Uncommon Leadership Charter High School will continue to employ our internally created Social Studies programs and extensive hands-on experiments to move students towards competency in the understanding and application of Social Studies.

Uncommon Leadership Charter High School remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Social Studies.

GOAL 7: ESSA

ESSA Measure 1

Under the state’s ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school’s status under the state accountability system. More information on assigned accountability designations and context can be found [here](#).

Accountability Status by Year

Year	Status
2020-21	Good Standing
2021-22	Good Standing
2022-23	Good Standing

ADDITIONAL CONTEXT AND EVIDENCE

Kings Collegiate Charter School received a “Good Standing” status under ESSA. The school has diligently worked to meet each ESSA requirement and comply with all stated guidelines for testing and we will maintain this going forward.

Entry 3 Accountability Plan Progress Reports

Incomplete

Instructions

SUNY-Authorized Charter Schools ONLY- Complete Template and Upload to Epicenter

SUNY-authorized charter schools must download an Accountability Plan Progress Report template at [Accountability Plan Progress Report](#). After completing, SUNY-authorized charter schools must upload the document into the Annual Report Portal, **and** into the SUNY Epicenter document management system by September 15, 2023.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 4 - Audited Financial Statements

Incomplete

Required of ALL Charter Schools

ALL SUNY-authorized charter schools must upload the financial statements and related documents in PDF format into the [Annual Report Portal](#) and into the SUNY Epicenter document management system no later than **November 1, 2023**. **SUNY-authorized charter schools** are asked to ensure that security features such as password protection are turned off.

ALL Regents, NYCDOE, and Buffalo BOE-authorized charter schools must upload final, audited financial statements to the [Annual Report Portal](#) no later than **November 1, 2023**. Upload the independent auditor's report, any advisory and/or management letter, and the internal controls report as one submission, combined into a PDF file, ensuring that security features such as password protections are removed from all school uploaded documents.

PLEASE NOTE: This task appears as visible and optional task in the online portal until August 1 2023 but will be identified as a required task thereafter and due on November 1, 2023. This is a required task, and it is marked optional for administrative purposes only.

Entry 4a – Audited Financial Report Template (SUNY)

Incomplete

Instructions - SUNY-Authorized Charter Schools ONLY

SUNY-authorized schools must download the Excel spreadsheet entitled “Audited Financial Statement Template” at <http://www.newyorkcharters.org/fiscal/>. After completing, schools must upload the document into the [Annual Report Portal](#) and into the SUNY Epicenter document management system no later than **November 1, 2023**.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 5 – Fiscal Year 2023-2024 Budget

Incomplete

SUNY-authorized charter schools should download the [2023-2024 Budget and Quarterly Report Template and the 2023-2024 Budget Narrative Questionnaire](#) from the SUNY website and upload the completed templates into the Annual Report Portal and into the Epicenter document management system. **Due November 1, 2023**.

Regents, NYCDOE, and Buffalo BOE authorized charter schools should upload a copy of the school's FY22 Budget using the [2023-2024 Budget Template](#) into the Annual Report Portal or from the Annual Report website. **Due November 1, 2023**.

The Assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 6 – Board of Trustees Disclosure of Financial Interest Form

Completed - Aug 2 2023

Required of ALL Charter Schools

Each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2022-2023 school year must complete and sign a Trustee [Disclosure of Financial Interest Form](#) is due on August 1, 2023. Acceptable signature formats include:

- Digitally certified PDF signature (i.e., DocuSign)
- Manual signature (1. download to print, 2. manually sign, 3. scan signed document to PDF, and 4. upload into portal)

All completed forms must be collected and uploaded in .PDF format for each individual member. **The education corporation is responsible for ensuring that each member who served on the board during the 2022-2023 school year completes the form.**

Charter schools **must** submit the latest version of the form. Forms completed from past years will not be accepted.

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the education corporation. In the Trustee Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation.

Entry 9 Enrollment & Retention

Completed - Aug 2 2023

[Instructions for submitting Enrollment and Retention Efforts](#)

Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2022-2023 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2023-2024.

***SUNY-authorized charter schools**

The education corporation must include a plan for the charter to meet or exceed enrollment and retention targets established by the SUNY Trustees for students with disabilities, ELLs, and students who are eligible to participate in the FRPL program. See the [enrollment and retention target calculator](#) to find specific targets.

Good Faith Efforts to Meet Recruitment Targets (Attract)

	Describe Recruitment Efforts in 2022-2023	Describe Recruitment Plans in 2023-2024
Economically Disadvantaged	<ul style="list-style-type: none"> • All Uncommon Schools in New York City worked together on community outreach and enrollment efforts. By combining our efforts and sharing information about all of our schools at one time, we were able to reach far more students in New York City than if our schools worked independently. • Uncommon Schools NYC hosted a network-wide Community Day, in which all Uncommon Schools have come together to canvass across Brooklyn, while simultaneously partnering with community organizations to host events in some of our biggest Community School Districts. • The School used a combined Uncommon Schools application that allowed families to apply to multiple Uncommon Schools with just one application. This made it easier for a family to learn about and access all of our schools and allows our schools to reach a broader population of students. • In addition to the combined Uncommon Schools application, the School participated in the New York City Charter School Center's Common Application for all charter schools in NYC. By continuing to offer our application as part of the common application for all charter schools, we are able to reach an even broader population of students. • The School sent out multiple mailings to prospective students 	<p>The school will continue the efforts at left to recruit economically disadvantaged students, and will also:</p> <ul style="list-style-type: none"> • Implement a more robust community canvassing plan that involves current families. • Expand digital advertising efforts to reach a broader population.

throughout the year through Vanguard Direct, Inc., focusing on the zip codes near our schools that have the highest number of FRPL and ELL students. Materials were sent out in English and Spanish, and included a self-addressed, stamped envelope to limit the barrier to return the completed application.

- The School ran both English and Spanish language ads in the New York City Housing Authority Journal.

On their website, the NYCHA Journal says they are “hand-delivered to each of the 178,000 apartments in NYCHA’s 334 public housing developments throughout the five boroughs.” It was also be distributed to more than 10,000 NYCHA employees, and mailed to elected officials and community leaders. It was also available through email subscription.

- The School ran both online and in-print Spanish language ads in El Diario – a Spanish language daily newspaper with high circulation throughout Brooklyn.

- The School partnered with El Diario to send a direct Spanish-language email to families that live within our school zip-codes and have school-aged children.

- The School ran advertisements for enrollment on buses with strategic routes throughout the CSDs we serve in Brooklyn.

- Additionally, we implemented an MTA bus shelter advertisement in high pedestrian traffic areas of the neighborhoods in which our schools are located to reach families from within our community school district. The bus shelter advertisements included school-specific information as well as information about our

	<p>schools, programs, and populations served.</p> <ul style="list-style-type: none"> • The School visited the NYCHA sites within our neighborhood on multiple occasions to hang flyers, leave applications and speak with residents to ensure that residents of these locations were aware of our school and have the necessary information and materials needed to apply. • The School ran a digital advertisement campaign that targeted families that live in zip codes near our schools and that have a high number of FRPL eligible and ELL students. • The School participated in education, health, and career fairs in our school neighborhoods to share information about individual schools and our admissions and application process. • In order to continue efforts to widely disseminate information about our School to prospective families, this year, the School worked with broadcasting agency, Entercom to run advertisements on two popular NYC radio stations. 	
English Language Learners	<p>See the response to “economically disadvantaged students” above. In addition, the school:</p> <ul style="list-style-type: none"> • Used Census tract data to create maps showing the distributions of the populations of the top five most spoken languages after English. • Using these maps, we created community canvassing walks for the School to take to travel through those neighborhoods. On the walks, school staff and families visited local stores, organizations, shelters, and apartment buildings and hung flyers and left brochures and applications 	<p>The school will continue the efforts at left to recruit ELL students, and will also:</p> <ul style="list-style-type: none"> • Implement a more robust community canvassing plan that involves current families. • Expand digital advertising efforts to reach a broader population. • Implement Spanish-Language transit advertisements.

in English and Spanish at each location. In addition, school staff spoke to residents along the way (in English and in Spanish) to spread the word about our schools.

- We will continue to translate all our outreach materials that are distributed by our schools. Materials were produced and disseminated in English and Spanish will include our enrollment website and online lottery and waitlist applications, paper lottery applications, full color brochures and flyers, posters, informational packets, and tear away information sheets.

- We utilized the New York City Charter School Center's Common Application, which is available to families in six different languages.

- We identified high priority local community organizations to reach out to, based on factors including location, age group served, and proximity to high non- English-speaking populations. Each organization received a call from the regional admissions office by a fluent Spanish speaking staff member and a mailing including brochures, flyers and applications in all relevant languages.

- We met with the Committee for Hispanic Children, a non-profit referral service which helps Hispanic families find daycares, schools and enrichment programs for their students, to ensure that they were aware of our schools as an option for their families and provided them with outreach materials that they could share with the families that they serve.

- A Spanish speaking staff member was available at our admissions office by phone and email 40 hours

a week during student recruitment season.

- We took advantage of the DOE's Over-the-phone Interpretation Services, which allowed our school staff members to communicate with a parent with the assistance of an interpreter on the phone. This service increased our capacity to connect with families who speak a wider range of languages.
- We also know that families of our current ELL students are our best resource to reach new ELL students. All families at our schools will continue to receive applications to distribute to family and friends in English and Spanish. Families of ELL students will continue to receive extra applications. In addition, we worked to identify ELL families interested in volunteering to support student admissions efforts. These families met with a school staff member to learn about a variety of ways that they could get the word out about our schools and distribute applications to others. These families were encouraged to speak at their churches, or other local organizations to spread the word about our schools.
- We ran Spanish language ads with El Diario – a Spanish publication with the largest readership increase than any other daily newspaper in New York. Uncommon Schools will also place bilingual advertisements in the NYCHA Journal and several neighborhood weekly publications throughout the student recruitment cycle.
- Uncommon Schools NYC ran Google and additional digital ads in Spanish so that families searching for information about schools in New

	<p>York City in Spanish see ads for our school and be directed to our Spanish webpages and applications.</p> <ul style="list-style-type: none"> • Each applicant, whether they are selected in the lottery or placed on the waitlist, will receive a letter in both Spanish and English telling them the results of the lottery and the next steps to enrolling in the school. 	
<p>Students with Disabilities</p>	<p>See the response to “economically disadvantaged students” above. In addition, the school:</p> <ul style="list-style-type: none"> • Identified and targeted all preschools that are certified to offer services to students with disabilities in our school communities. Head Starts will be included in this search, as they are mandated to serve a student body with at least 10% students with disabilities. • Identified a list of preschools, Pre-K programs, and early childhood development centers that are high priority for our schools due to their location and student population. These high priority sites received calls, visits, and recruitment materials for both elementary and middle school. • Worked to build strong connections with our Committee on Special Education to ensure they know we are an option for students, should they wish to recommend students to join us. • Reached out to related service agencies that we work with/have worked with in the past, to talk about the supports we offer students and asked if they had any students who could be recommended to apply. • Confirmed that application 	<p>The school will continue the efforts at left to recruit students with disabilities, and will also:</p> <ul style="list-style-type: none"> • Implement a more robust community canvassing plan that involves current families. • Expand digital advertising efforts to reach a broader population

materials clearly stated that all students, including those with disabilities, are eligible to apply. This language appeared on our enrollment websites, Kindergarten and 5th grade lottery applications, waitlist applications for all grades, the brochures that were distributed to organizations and mail to 24,000 Brooklyn families, as well as in the presentations given at our information sessions.

- Our admissions office and school-based staff will continue to be trained on this question so that they could answer the concerns of any families of potential applicants with special needs who called in.
- Revised our admissions brochure to explicitly mention our high-quality intervention programs that our schools offer of tutoring and small group instruction.
- We created a one-page overview of Special Education Services at Uncommon to share with prospective families.

Good Faith Efforts To Meet Enrollment Retention Targets

	Describe Retention Efforts in 2022-2023	Describe Retention Plans in 2023-2024
Economically Disadvantaged	<p>In accordance with our mission to prepare students for college, we want all of our students, including FRPL, ELL and students with disabilities, to stay with us through high school graduation. The School has had historically high levels of persistence for these sub-populations. We believe that creating high- quality educational program, hiring and training highly qualified teachers, and communicating regularly with families of all students has helped us to achieve high rates of persistence across our student body. We will continue to analyze our data to ensure that we are serving students from these populations as effectively as all other students and keeping them in our schools in the same numbers.</p>	<p>We will continue the efforts described at left in 2023-24 to ensure that high numbers of economically disadvantaged students are given the supports they need to persist in the School.</p>
English Language Learners	<p>See response for retention of economically disadvantaged students. In addition, each school has an English as a New Language teacher in its school, to more directly and completely ensure that students learning English are supported in the school and are provided with direct English instruction by a qualified teacher as needed.</p>	<p>We will continue the efforts described at left in 2023-24 to ensure that high numbers of ELL students are given the supports they need to persist in the School.</p>
Students with Disabilities	<p>See response for retention of economically disadvantaged students.</p>	<p>We will continue the efforts described at left in 2023-24 to ensure that high numbers of students with disabilities are given the supports they need to persist in the School.</p>

Entry 10 – Teacher and Administrator Attrition

Completed - Aug 2 2023

Form for "Entry 10 – Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System – Employee Clearance

Required of ALL Charter Schools

Charter schools must ensure that all prospective employees^[1] receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

1. Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

^[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at <http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf> or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at [NYSED CSO Employee Clearance and Fingerprint Memo 10-2019](#).

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 13 School Calendar

Completed - Aug 2 2023

[Instructions for submitting School Calendar](#)

Required of ALL Charter Schools

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2023 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2023**.

School calendars must meet the [minimum instructional requirements](#) as required of other public schools "... *unless the school's charter requires more instructional time than is required under the regulations.*"

Board of Regents-authorized charter schools also are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month (also used to align to schools with extended days/years referenced in their mission statements/key design elements). See an example of a calendar showing the requested information. Schools **must** use a calendar format and ensure there is a monthly tally of instructional days.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.
